CSC Seminar Today

The Climate Science Center's monthly seminars will resume today, October 4th, at Noon in the Experimental Sciences Building, room 120. Three expert panelists will be speaking and answering questions on agriculture and climate variability on the Southern High Plains. Our panelists will be Paxton Payton, Veronica Acosta-Martinez, and James Mahan. They are all members of the United States Department of Agriculture- Agriculture Research Service's Cropping Systems Research Lab at Texas Tech. Coffee, cookies, and tea will be provided and feel free to bring your lunch. All faculty, staff, and students are welcome to attend. This month's seminar is sponsored by TTU Department of Plant and Soil Science. **LEARN MORE**

global weirding
with Katharine Hayhoe

Video of the Week

The new PBS Digital Series "Global Weirding: Climate, Politics, and Religion" featuring Dr. Katharine Hayhoe premiered on September 28th at 10AM CT. Click here to watch the first episode where Dr.Hayhoe discusses an insidious myth people believe about climate change. A new episode of Global Weirding will post every other Wednesday at 10AM CT. Go to GlobalWeirdingSeries.com to watch and subscribe. Global Weirding is produced by KTTZ-Public Media and distributed by PBS Digital Studios. **WATCH NOW**
