TEXAS TECH UNIVERSITY

University Student Housing

FINANCIAL HARDSHIP ADDENDUM

Although the University feels that students will have their best opportunities for a well-rounded educational experience living in a supervised residence hall designed for student living, there are some circumstances under which a student may be approved to live off campus. In the event a student presents sufficient evidence of an extreme financial hardship which precludes his/her enrollment at Texas Tech; the student may receive approval to live off campus. However, costs of on-campus room and board will usually be found comparable to those off campus after all necessary living expenses have been accounted for. **Students requesting permission to live off campus due to a financial hardship must provide University Student Housing with the following documents:**

- ❒ **This form with all sections completed.**
- ❒ **The Application for Exemption from On-Campus Housing Requirement.**
- ❒ **A personal statement explaining the student's reasoning for the request.**

I hereby give permission for Texas Tech University's Financial Aid department to provide my FAFSA information to University Student Housing for use in determining financial need. In addition, I hereby grant permission for University Student Housing to discuss all matters associated with this request with either myself or, should it be needed, my parents and/or legal guardians.

Student Name (Printed) _____ **Student ID Number (R#)** _____

Student Signature _____ **Date** _____
