SUPPORT COORDINATORS

RISE staff are trained to help reporting parties navigate Title IX-related concerns. Coordinators can attend any Title IX meetings with you, put you in touch with other resources (such as Student Counseling Center, Voice of Hope, and Women's Protective Services), and arrange necessary remedies, such as a change in housing or academic assistance. Coordinators provide these services even if a student does not wish to make a formal report. Support services for the responding party are available through the Office of the Dean of Students.
