The 1990 figures in this report are subject to revision.

Individual state data, as shown, will not add to the United States totals because of (D)'s. The (D) data for Florida and Kansas are 26,235 bales and are included in the United States total. The Upland data for Alabama, Florida, Kansas, and Missouri are 700,228 bales and are included in the Upland and United States totals. The American Pima data for Alabama, Florida, and Missouri are 1,104 bales and are included in the American Pima and United States totals.

Cotton consumed during December 1990 amounted to 600,727 bales. Cotton on hand in consuming establishments on December 29, 1990, was 580,906 bales, and in public storage and in compresses 9,874,634 bales; the number of active consuming cotton spindles was 3,815,000. There were no cotton imports during November 1990. Exports of domestic cotton, excluding linters, were 546,200 bales. These and other data were published in Census Bulletin 91-19, M22P(91)-5, dated January 24, 1991.

This report also is available on the date of issue through the Census Bureau's online information service--CENDATA. The online version of the report can be read from a terminal screen, printed on- or off-line, or copied to a computer file for future use. CENDATA is available from public vendors. The CENDATA staff at the Bureau of the Census (301/763-2074) can provide content information and general guidance. Or write for a brochure to CENDATA, DUSD, Bureau of the Census, Washington, DC 20233.
