- Represents zero.

The 1990 figures in this report are subject to revision.

Table 1 includes 9,146 bales from the crop of 1990 which ginners estimated would be ginned after the March canvass, compared with 24,488 bales for 1989 and 18,154 bales for 1988. The number of active cotton gins for the crop of 1990 was 1,535 compared with 1,584 for 1989 and 1,645 for 1988.

For running bales, individual state data, as shown, will not add to the United States totals because of (D)'s. The (D) data for Florida and Kansas are 26,119 bales and are included in the United States total. The Upland data for Alabama, Florida, Kansas, and Missouri are 700,299 bales and are included in the Upland and United States totals. The American Pima data for Alabama, Florida, and Missouri are 1,104 bales and are included in the American Pima and United States totals.

For equivalent 480-pound net weight bales, individual state data, as shown, will not add to the United States totals because of (D)'s. The (D) data for Florida and Kansas are 27,233 bales and are included in the United States total. The Upland data for Alabama, Florida, Kansas, and Missouri are 719,847 bales and are included in the Upland and United States totals. The American Pima data for Alabama, Florida, and Missouri are 1,119 bales and are included in the American Pima and United States totals.

Cotton consumed during December 1990 amounted to 600,727 bales. Cotton on hand in consuming establishments on December 29, 1990, was 580,906 bales, and in public storage and in compresses 9,874,634 bales; the number of active consuming cotton spindles was 3,815,000. There were no cotton imports during November 1990. Exports of domestic cotton, excluding linters, were 546,200 bales. These and other data were published in Census Bulletin 91-19, M22P(91)-5, dated January 24, 1991.

This report also is available on the date of issue through the Census Bureau's online information service--CENDATA. The online version of the report can be read from a terminal screen, printed on- or off-line, or copied to a computer file for future use. CENDATA is available from public vendors. The CENDATA staff at the Bureau of the Census (301/763-2074) can provide content information and general guidance. Or write for a brochure to CENDATA, DUSD, Bureau of the Census, Washington, DC 20233.
