First started as a gag in the 1930's, the Masked Rider has become the official mascot of Texas Tech. Each year, a selected student will don the mask and cape and ride a black horse. Among their many appearances, perhaps the most awe-inspiring is when the Masked Rider leads the team onto the football field.

APPLICATION REVIEW

Transfer students who do not meet assured admission but have at least a 2.0 cumulative GPA are evaluated holistically based on the following:

- Academic course selection
- Extracurricular activities
- Leadership experiences
- Civic or other service activities
- Socioeconomic background
- Family educational background
- Special talents or awards
- Diversity of experience and background

We strongly encourage essays and up to three letters of recommendation for students entering the review process. Essays should address the decision to transfer to Texas Tech, reason for past academic performance and plans to ensure success in the future.
