PATHWAYS AS ENDLESS AS OUR

HORIZON

The only thing more powerful than knowledge itself is the ability to cultivate it. To share it, grow it, and turn it into a force for good. And today, our institution has grown to offer more than 150 academic programs in ten colleges, helping our students develop skills through undergraduate research, find challenge as part of our Honors College (honors.ttu.edu), discover the world by studying abroad, and make a difference for communities of all kinds through service learning.

SPIRIT & TRADITION

**HONORING
OUR PAST**

RIDING INTO THE

FUTURE

Like knowledge, the Red Raider spirit develops over time. Your first experience at a football or basketball game will make you realize why we chant "Raider Power," and why we all believe so much in it. After wins and at graduations, the 1,200-pound Victory Bells ring, becoming a reminder that our progress can never be halted. And no matter the journey you take or the friends you make, you will be united with millions under the bold, beautiful, and powerful scarlet and black Double T.
