2. Procedure to Select EACH Approval Type
The procedure to generate the ePAF requires selecting the job for each Approval Type. If you fail to follow these steps, the ePAF might not open correctly (see step 3), and you will not know the ePAF is corrupt until you try to save and submit it.

a) Verify the Approval Type title above the gray-highlighted column headings.
b) Select the Job by clicking the radial on the appropriate job line.
c) Click the Next Approval Type button until the final Approval Type (usually the Labor Distribution) when you will click GO.
3. Verify these Approval Types appear on the newly opened Approval Category:

When the ePAF opens, it is important to verify that it generated correctly. If the ePAF is corrupt, you must start over. Following are examples of a correct Approval Type heading and an incorrect Approval Type heading.

**CORRECT:**

```
New Job Exempt, T95572-00 Sr Administrator, Last Paid Date: Mar 31, 2010
```

<table>
<thead>
<tr>
<th>Item</th>
<th>Current Value</th>
<th>New Value</th>
</tr>
</thead>
</table>

**INCORRECT:**

```
New Job Exempt, -
```

<table>
<thead>
<tr>
<th>Item</th>
<th>Current Value</th>
<th>New Value</th>
</tr>
</thead>
</table>

The Position (T#), Suffix, and Title should appear on the following Approval Types. (Some ePAFs, such as a New Hire, might not have the Last Paid Date)

- Person: General Person Data
- Employee Record – **New Job** T# and title
- New Job Nonexempt, **New Job** T# and title
- Compensation Nonexempt – Factor & Pays, **New Job** T# and title
- Create or Change Default Earnings, **New Job** T# and title
- Create or Change Labor Distribution, FOAPAL, **New Job** T# and title
- **End Job** for T#, Title, and Last Paid date
