**The DATE Reminders - Primary Job Recurring Pay**

The **Personnel Date** is the first day of the new job, regardless of whether it occurred in the past or is an upcoming date.

The **Query Date** is pre-populated with today’s date and should be over-typed with the Personnel Date. BUT, when submitting a late ePAF, the Query Date must be after the Last Paid Date. It must be after the previous end date if the employee is being reappointed to the same T#. The ePAF will apply even after the Due Date. If the employee has missed a paycheck, a Manual Check Request must be submitted for each pay period missed.
