General Information:
The purpose of this document is to provide instructions and information about 9 month faculty who had
Spring appointments (including faculty that have opted to defer their 9 month pay over 12 months) and
will be teaching or doing research for summer 2016. (This document does not discuss graduate
students assigned to a 9-month appointment (see GPTI/TA Summer Instructions) or 12 month Faculty.)
Following the instructions set forth in this document will ensure Texas Tech University is in compliance
with federal regulations.

EOPS vs. ePAF: If an employee is performing duties for 30 calendar days or more, an ePAF must be
prepared and submitted in order to pay the employee for time worked. The Employee Onetime
Payment system (EOPS) can only be used in situations where an employee is performing duties for less
than 30 calendar days.

NOTE: All 9-month Faculty and deferred pay Faculty's primary jobs must remain unchanged. Faculty
positions (primary and secondary) without deferred pay will be automatically placed on leave without
pay with benefits for the summer, while deferred pay faculty positions will remain active yet unchanged.
Effective Summer 2015- all 9 month overload appointments should be ended 05/31/2016 to ensure no
overpayment during the summer. Departments will need to reappoint 09/01/2016 if the overload is to
be continued.

SUMMER EXEMPT ePAF: Human Resources has created a new Summer ePAF to assist in processing
summer school appointments. The TTU Add Secondary Job and Future End Job – Summer Exempt
ePAF (TSJFJE) was created for the sole purpose of beginning and ending summer appointments on one
ePAF. Please see the ePAF template attached to assist you in originating your summer appointments. It
is required that this ePAF be used to appoint a 9 month faculty member to a summer job.

Summer Appointments for 9 month Faculty working in the summer:
A nine-month or deferred pay Faculty member can earn up to one-ninth of his or her academic year
based salary during each month of the summer (June, July and August) months.

- Position number and Suffix:
  - A 9-month Faculty member that will be working in the summer will need to be assigned a
    secondary job for that summer session, using the summer exempt ePAF. The summer
    appointment will derive from the primary position number assigned to that Faculty
    member, with a suffix of ‘10’.
  - A faculty member may have summer appointments for Summer I, Summer II, or both. These
    appointments will be considered secondary jobs instead of primary or overload jobs.
  - If multiple summer jobs will be active simultaneously, suffixes of ‘20’, ‘30’, ‘40’ and so-on
    can be used for the second additional appointment(s) to the same position/title.
- Summer Exempt FTE: The Summer Exempt ePAF is a secondary job and requires an FTE. The
  FTE should be based on the work load for the summer session.
- **Annual Salary:**
  - Annual Salary will need to be figured on a factor of 9.
  - Factors will be 9
  - Pays will be 9
- **Default Earnings**
  - Use an RGS earn code
  - RGS requires Hours per Pay Period (not units) (i.e. 173.33 for 1.0 FTE)
- **Labor Distribution and Funding:**
  - Colleges and Departments are requested to be diligent in the correct usage of labor distribution coding for appointments. Properly coding all research expenditures is a key element in Texas Tech University becoming a National Research University.
    - *Research appointments must use research funding under FOAP program code 200.*
      - *Instructional appointments are FOAP program code 100.*
    - The Budget Office and Financial Accounting and Reporting will assist in expediting the funding changes needed to enable the use of appropriate funding source(s).
  - ePAPs for appointments funded specifically from the summer school budget (in budget pool ‘6Z2’) do not need to be routed through the Provost office.
  - The faculty member’s summer appointment can be funded from multiple FOAPs, including combining different type of work (i.e. instruction, research, etc). The type of work will be distinguished by the account code(s) used on the job labor distribution (FOAP).
    - a. *Instruction* is funded from a FOAP ending in Program 100, with account codes
      - 6A1802 – For Tenure Track Faculty
      - 6A1801 - For Non-Tenure Track Faculty
    - b. *Research* is funded from a FOAP ending in Program 200, with account codes
      - 6A1803 – For Tenure Track Faculty
      - 6A1804 – For Non-Tenure Track Faculty

**Things to keep in mind:**

1. The summer appointment should use the primary position number assigned to that faculty member, with a suffix of ‘10’. If multiple summer jobs will be active simultaneously, use suffixes of ‘20’, ‘30’, etc., for the additional summer appointment(s) to the same position/title.
2. The *TTU Add Secondary Job and Future End Job – Summer Exempt ePAF (TSJFJE)* will be used to assign a summer appointment. **It is required that this ePAF be used to appoint a 9 month faculty member to a summer job.**
3. An FTE will need to be assigned to ALL summer positions (excluding “overload” jobs, i.e. supplements). If multiple positions will be assigned, the FTE is split according to the work load.
4. An RGS – Regular Salary earnings code with hours calculated by the FTE will be used in the Create or change default earnings section of the ePAF.
5. If changes will occur from one summer session to another, an FTE change ePAF can be used to assign the new FTE, pay rate and job labor distribution.
6. All jobs which have an active status through 9/1/2016 (have not been ended in this fiscal year) will be required to be budgeted during Budget Prep for FY2017.

TSJFJE, TTU Add Sec Job AND Future EndJob-SUMMER Exempt

**Purpose of this ePAF Approval Category:** (Only Available for Summer Appointments)
For use when a Faculty/TA/GPTI employee has a primary job on leave for the summer and will be appointed to teach or research during the summer; must indicate the summer job end date.

For details and comparison with other ePAFs, please review the Guide for Choosing an ePAF document on the HR Job Aids webpage.

**The DATE Reminders - Summer Term: Add Secondary Job & End**

**The Start Job:**
The Personnel Date is the first day of the new job, regardless of whether it occurred in the past or is an upcoming date.

The Query Date is pre-populated with today’s date and should be over-typed with a date that is after both the previous Job End Date and the Last Paid Date. The ePAF will apply even after the Due Date. If the employee missed a paycheck, a Manual Check Request must be submitted for each pay period missed.

**The End Job:**
The final day of the job should be entered in all 3 date fields.
