How do I find a detailed class roster in Raiderlink if I have a Faculty/Advisor Tab?

1. Log into Raiderlink and click on the Faculty/Advisor Tab, then select the Summary Class List

2. You will select the term Spring 20__ TTU, the following screen should appear if you are not an instructor for the selected term, click on Enter CRN Directly
3. Then enter the CRN for the course you need a complete roster and click submit, see example below:

4. At this point you should have the entire class roster:

5. At the bottom of the list there is a link

   Click here to email the registered students for the courses.
