

Graduate Student Openings

Openings for Ph.D. students (Biology Major) are currently available in the laboratory of Dr. Zhixin Xie in the Department of Biological Sciences at Texas Tech University (<http://www.biol.ttu.edu/faculty2.aspx?id=zhixin.xie@ttu.edu>). We are seeking for highly motivated applicants who are interested in *Plant Molecular & Cellular Biology* to join our research team. The successful applicants will have a BS or MS degree in Biology or other closely related areas, a strong interest in basic research in the recently emerged and fast moving field of **small RNA biology**, and good communication skills. Potential applicants are encouraged to contact Dr. Xie through email (zhixin.xie@ttu.edu) with a RÉSUMÉ including GRE and TOEFL scores (if applicable) and a brief statement of research interest, prior to submit a formal application to the Department of Biological Sciences (<http://www.biol.ttu.edu/Graduate.aspx>).
