

# Research Participants Needed

Wee Read

## ATTENTION PARENTS, GRANDPARENTS, CAREGIVERS!

The purpose of this research study is to empower families with toddlers through weekly story times by making learning together fun! Participants will participate in weekly story times on Thursdays from 10-11 am in Spring 2019. Your toddler will have access to comprehensive speech and language testing using books, stories and toys at no cost.

**Who:** Caregivers and toddlers less than 37 months old

**When:** Thursday mornings 10-11 am, Spring 2019

**What:** Weekly story time with reading, singing and play time

The study is being conducted at TTUHSC Speech and Hearing Clinic and the TTU Burkhardt Center for Autism Education and Research.  
Lubbock, Texas
