Develop career goals and seek relevant experiences to prepare for those goals.

Earn a minor in business or supplement curriculum with business or communication courses.

Obtain relevant experience through internships or part-time jobs.

Work a part-time or summer job in a retail store.

Demonstrate a willingness to take on additional responsibilities such as "assistant manager."

Participate in student organizations and seek leadership roles.

Learn to work well with different types of people. Develop a strong commitment to customer satisfaction.

For sales, develop the ability to work well under pressure and be comfortable in a competitive environment.

Be willing to start in a management-trainee program or other entry-level positions.

When job searching, seek employers interested in hiring "any major."

Understand the top skills employers desire and be prepared to demonstrate them, such as communication (oral and written), computer, interpersonal, leadership and teamwork, etc.
GENERAL INFORMATION

- Psychology provides a broad, liberal arts background.
- Some students may choose to study psychology because they enjoy the subject but wish to pursue careers requiring "any major." In this scenario, it is critical to develop desirable skills through internships, part-time or summer jobs, or volunteer experiences. Some skills valued most by employers include: communication, interpersonal, leadership, teamwork, and computer skills.
- Other students may major in psychology because they want to work in a related field. Many entry-level helping positions are available, however the amount of direct client contact is limited for those who have a bachelor's degree. Students may wish to pursue graduate education in psychology, social work, counseling, college student personnel, or other related fields to increase opportunities and earning potential. Research career fields to learn what type of degree (master's or doctoral) and subject area are most appropriate. The following list provides some examples:

  **Master's Degree**
  - Licensed Clinical Social Worker
  - Professional Counselor
  - Educational, Vocational, and School Counselors
  - Substance Abuse and Behavioral Disorder Counselors
  - Rehabilitation Counselors
  - Licensed Marriage & Family Therapists

  **Doctoral Degree**
  - Counseling Psychologist
  - Licensed Clinical Psychologist
  - Experimental Psychologist
  - School Psychologist
  - Sport Psychologist
  - Industrial/Organizational Psychologist

- For those wishing to pursue graduate education, maintain a high grade point average, secure strong faculty recommendations, and gain experience through volunteer or work opportunities. Assist a faculty member with his or her research.
