

2013 C.O.W AWARD Winner

Lou Densmore, Ph.D., Biochemistry
Director, Texas Tech University/Howard
Hughes Medical Institute Undergraduate
Science Education Program at CISER.

lou.densmore@ttu.edu

Nominated by Elizabeth Mack:

“I am writing to nominate my mentor,
Dr. Lou Densmore, as a Champion of
Women in science. Dr. Densmore is the
most deserving male faculty member that
I have ever had the pleasure of knowing
and working with, and I know this award
would mean a lot to him personally.

Throughout my time knowing Dr.

Densmore, I have seen him guide women

in my lab and also through the undergraduate research organization
TTU/HHMI. Whether it is questions about science or life’s tough
decisions, Dr. Densmore always provides an ear to listen with and sage
advice to set one at ease.”
