Fun facts about Spanish

In almost any job where communication skills are important, a second language is an asset. Parts of the country are bilingual in Spanish and English. For many careers, knowledge of Spanish is a necessity.

Because of the many career opportunities available in today's fast-changing job market, Spanish language studies (including a major or a minor) can be structured with your degree plan in law, medicine, sociology, psychology, business, mass communication, agriculture, or other languages.
