

WCOE Student Appeal Petition for Re-Admittance

The appeal petition to return to WCOE is subject to a review and approval by the engineering departmental chair and the office of the Engineering Academic Dean after changing the major for a MINIMUM of one long semester.

After changing my major and taking courses outside the college of engineering for at least 1 long term, I understand that my request/appeal to return to the WCOE will be reviewed and approved by the Associate Dean for Undergraduate Studies. The ruling is final.

APPEAL TO RETURN TO WCOE: please attach written request to be considered for return to WCOE (no more than 1 page). Once completed, send your appeal documents to Patricia Rodriguez, Assistant Director for Academics and Graduation in the EOC (you can forward this form, and your documentation, via email to patty.rodriguez@ttu.edu).

Terms of return: restrictions for returning to WCOE will be decided by the WCOE Associate Dean for Undergraduate Studies.
