

***“Distinguished Engineer”***  
**of Texas Tech University Nomination Overview**

The measure of a college's distinction and influence depends greatly upon the achievement of its former students and the positions they earn for themselves in their respective communities and fields of endeavor. To recognize some of the most outstanding former students of Texas Tech University, the Whitacre College of Engineering has established the Distinguished Engineer Award.

**Purpose and Philosophy**

The purpose of this program is to annually recognize and honor former engineering students who have made significant contributions to society and whose accomplishments and careers have brought credit to the Whitacre College of Engineering at Texas Tech, and to the engineering profession as a whole. This program does more than honor these former students. It spotlights the accomplishments of the Whitacre College of Engineering, and thereby increases the pride of former students, current students, faculty, and staff. It likewise presents to the people of Texas and the nation tangible evidence of the effectiveness of the progress of engineering at Texas Tech.

In establishing this program, it was recognized that these awards were to be given for outstanding achievement both inside as well as outside the profession and that no compromises diminishing the significance of the awards would be made.

To be eligible for the Distinguished Engineer Award, an individual must:

- Be distinguished in his/her profession, life work, or other worthy endeavors, and have received recognition from contemporaries.
- Be a person of such integrity, stature, and demonstrated ability that the faculty, staff, students, and alumni will take pride in and be inspired by his/her recognition.
- Have demonstrated a continuing interest in areas outside of the fields of engineering such as to bring honor and prestige to the profession.
- Have been a student in the Whitacre College of Engineering of Texas Tech University.
