How to: Activate your RaiderDrive service

Details:

1) Navigate to https://eraider.ttu.edu. If prompted, sign in using your eRaider username and password.

2) On the right side of your eRaider home page, find the "RaiderDrive Service" section. If your service shows to be inactive, click the Activate button to activate it.

3) Read the RaiderDrive Service Agreement. If you agree to the terms, click Activate Service.

With an eRaider account you have the ability to create your own personal storage area.

RaiderDrive Service Agreement

Your RaiderDrive service is about to be activated.

This Storage Area Network (SAN) user agreement is a legal agreement between you and Texas Tech University Information Technology Division (IT) for storage on the SAN. By using this storage area, you agree to be bound by the following terms:

This storage area is for use by Texas Tech faculty, staff and students for academic and/or official university business only. You may not rent, lease, or lend this storage area to any other user. While every effort will be used to ensure this system's operation, IT makes no assurances that the SAN will be available. In no event shall IT and/or TTU be liable for any special, incidental, indirect, or consequential damages whatsoever arising out of the use or inability to use the SAN. Without prejudice to any other rights, IT Division may terminate this agreement and your right to save/access data if you fail to comply with these terms and conditions. This agreement is governed by TTU operating policies and all applicable state and federal laws and regulations. All rights not expressly granted are reserved by IT.
