

# How to Save Your Favorite Location in Google Maps

## OVERVIEW

This tutorial provides users with information of how to save their favorite location in Google Maps.

### SAVE YOUR FAVORITE LOCATION IN GOOGLE MAPS

1. Access Google Maps at [www.maps.google.com](http://www.maps.google.com)
2. Type your location in the search box (e.g., Texas Tech)
3. Click “**Save**” to save this location

**\* Note:**

- You need to sign in to your Gmail account to save your favorite locations
- You can search areas nearby that location
- You can send that location to your phone
- You can share that location with others
