Moving Registrations in **GoReact** for instructors

**OVERVIEW**

Instructors may need to move some students from one course to another as a part of GoReact course. Below are some steps.

**STEPS**

Step 1. Open your GoReact dashboard on a browser (PC or Mobile).

Step 2. Choose the course you are working on (e.g., EPCE 6094) from the left panel.

Step 3. Click 👤 for the course where the student is registered.
Step 4. Find the student’s name, and click the Edit button.

Step 5. On the student’s profile, click the “Move To...” button.

Step 6. A box will pop up allowing you to choose the correct course to move the student to. Click on “Move Registration.”
