MAKING A MODULE AVAILABLE in a Module Page

OVERVIEW

On the Modules page, you may want to release the modules at different times. An unavailable module displays in gray, while available modules display in colors.

STEPS

Step 1 Set “Edit Mode” to ON.

Step 2 Click “Modules” on the left panel. Choose the module (e.g., Module 1) you want to make available.

Step 3 Click the chevron shaped icon next to the Module 1 and select “Edit.”

Step 4 On the Module 1 page, under “Standard Options,” select “Yes” for “Permit Users to View this Content.”

*Note: You can also set up date and time restrictions for the module by clicking on “Display After” and “Display Until.”
