Curriculum & Instruction Master’s Degree with a Concentration in STEM

Fully online, 36-hour master’s degree

The concentration focuses on curricular issues in STEM and develops strengths in STEM curriculum theory, design, development, delivery, assessment and evaluation. Our graduates will be able to address community STEM education needs through needs-based intervention experiences.

Students will also have opportunities to specialize in additional areas of interest:
- Bilingual education
- Blended and Personalized Learning
- Math (content)
- Technology
- Art
- STEM content
- Students with disabilities

WHO BENEFITS FROM THIS DEGREE?:
STEM professionals such as: Pre-K through 12th grade Teachers, Curriculum Writers, Instructional Coaches, Program Evaluators, Informal Science Educators, and Administrators and Faculty in STEM Schools
