# Texas Tech University And Houston Community College Student Access and Success Articulation Agreement

# Parties

This Articulation Agreement ("Agreement") is between Texas Tech University ("TTU") and Houston Community College System ("HCC") (together "Institution(s)") and outlines their commitment to the *Student Access & Success* program ("Program"). HCC, a public community college district organized under Chapter 130 of the Texas Education Code, is considered here as a whole and this Agreement extends to all campuses within the HCC system or district. TTU and HCC enter into this Agreement in the spirit of cooperation and mutually recognize each other as quality institutions of higher learning.

# Background

TTU created the Program to support State of Texas and Texas Higher Education Coordinating Board's 60x30TX Strategic Plan Initiative promoting access, affordability, quality, success, and cost efficiency in the Texas institutions of higher education. The mission of the Program is to support a more globally competent workforce by increasing the number of individuals seeking to further their education. The goal of the Program is to increase access to and the number of transfer pathways from which prospective students may choose to pursue a baccalaureate degree while seeking to reduce overall costs of education.

HCC is an open-admission, public institution of higher education offering a high-quality, affordable education for academic advancement, workforce training, career development, and lifelong learning to prepare individuals in our diverse communities for life and work in a global and technological society.

# Purpose

The purpose of this Agreement is to foster engagement of pre-transfer students in communications with TTU and provide them a transfer pathway from HCC to TTU for completion of a baccalaureate degree. The Institutions are dedicated to providing greater educational opportunities and services for students transferring between the two Institutions, including a commitment to:

• Increase awareness of educational and student support opportunities available.

- Encourage currently enrolled transfer students to complete their associate's degree.
- Provide pre-TTU academic advising to increase degree applicability of transfer credits.
- Provide a more seamless transfer experience to TTU.

The Agreement provides a structure through which transfer articulation on all levels can be supported by the Institutions.

# Responsibilities
