Recycle Turnitin Direct Assignment

If you use the Course Copy feature to copy content to a new course, you can also migrate your Turnitin Direct assignments.

To Recycle a Turnitin Direct Assignment:

Steps for fixing missing link in Blackboard for a Turnitin Direct Assignment after course copy:
1. Log into your course
2. Under Course Tools select Turnitin Direct Tools

You will see the following options:

3. Click “Recycle Turnitin Direct Assignments.” You will see the following screen:

4. Select “Recycle Turnitin Direct Assignments”
5. You will see a completed green message when complete.
6. Go back and check where the link should be, and it should now be present. Some instances of the links being moved to a different location have occurred. If the links are not seen in the original location, check the other Content Areas (folders) on your Course Menu. When found, the links can be moved back to the original location.
