Texas Tech University And College of the Mainland Student Access and Success Memorandum of Understanding

Parties

This Memorandum of Understanding (the “Agreement”) is between Texas Tech University (“TTU”) and College of the Mainland (“COM”) (individually “Institution” or collectively “Institutions”) and outlines their commitment to the *Student Access & Success* program (“Program”). COM considered as a whole and this Agreement extends to all campuses within the COM system or district. TTU and COM enter into this Agreement in the spirit of cooperation and mutually recognize each other as quality Institutions of higher learning.

Background

TTU created the Program to support State of Texas’ and Texas Higher Education Coordinating Board’s *60x30TX* Strategic Plan Initiative promoting access, affordability, quality, success, and cost efficiency in Texas’ institutions of higher education. The mission of the Program is to support a more globally competent workforce by increasing the number of individuals seeking to further their education. The goal of the Program is to increase access to and the number of transfer pathways from which prospective students may choose to pursue a baccalaureate degree while seeking to reduce overall costs of education.

Since 1967, College of the Mainland has constructed pathways for student success by providing two-year associate degrees, transfer credits and certificates. Steadfast in its support to the mainland community, COM has also become a critical hub for leaders and organizations to envision and plan for future growth. Further developing these collaborative efforts is central to COM’s strategic plan.

Meta-majors and Guided Pathways offer clearly defined and intentional educational avenues so that students can quickly and purposefully complete their academic journey. COM has also expanded its Opening Doors Promise Scholarship initiative to now serve all of its taxing district. The program offers local high school graduates an opportunity to obtain a high-quality education at COM tuition and fees free.

College of the Mainland is a learning-centered, comprehensive community college dedicated to student success and the intellectual and economic enrichment of the diverse communities we serve. The vision of the college is that College of the Mainland will be a valued and vital community partner by enriching our community and preparing our students to thrive in a diverse dynamic and global environment.

College of the Mainland is fully committed to implementing instruction based on the Guided Pathways philosophy. Our goal is to shorten the time a student must spend at the college to earn a degree and to reduce the number of credit hours a student earns on the way toward attaining that degree. College of the Mainland is committed to working with four-year institutions to build seamless transfer pathways so that a student's transfer to a four-year institution is as smooth as possible.

Purpose

The purpose of this Agreement is to foster engagement of pre-transfer students in communications with TTU and provide them a transfer pathway from COM to TTU for completion of a baccalaureate degree. The Institutions are dedicated to providing greater educational opportunities and services for students transferring between the two Institutions, including a commitment to:

- Increase awareness of educational and student support opportunities available;
- Encourage currently enrolled transfer students to complete their associate's degree;
- Provide pre-TTU academic advising to increase degree applicability of transfer credits; and
