

**INTERDISCIPLINARY STUDIES IN FORENSIC SCIENCE
FORENSIC SCIENTIST DEGREE PLAN CHECKLIST
PROGRAM PREREQUISITE**

Prerequisite: CHEM (4302 or 3311), 3307, 3308, 3351, or equivalent

REQUIRED CORE COURSES

Texas Tech University

CHEM 5314 – Advanced Analytical Chemistry **OR**

ENTX 6351/6251 – Analytic Toxicology w/ Lab

BTEC 5338 Techniques in Biotechnology

Statistics

Research Methods

Law Course

IS 5350 – Crime Scene Investigation

IS 5351 – Serial Offenders

MUST CHOOSE THREE COURSES WITHIN AN AREA OF SPECIALIZATION

(Must meet all course prerequisites prior to choosing specialization)

Biotechnology	Biology	Plant & Soil Science
Chemistry	Physics	Range, Wildlife & Fisher
Environmental Toxicology	Microbiology	Management
Geochemistry	Molecular Pathology	Zoology

THESIS, INTERNSHIP, OR REPORT

<u>Thesis</u> IS 6000 (6 hrs)	<u>Internship</u> IS 6031 (6 hrs)	<u>Report</u> IS 6330 (3 hrs +1 add. 3 hr course)
----------------------------------	--------------------------------------	--

The Forensic Science Program is a 39-hour Master of Science Program

** Some Specializations may require leveling courses
Institute for Forensic Science, 4434 S Loop 289
