Note: Please include a short biography and résumé of your academic work on the back of this page. (An example is shown on the back of this page for your convenience.) Be sure to attach your defense abstract when submitting this form. (It may be revised later in the semester.)

The following example is provided for your convenience. It is an excerpt of Mr. William Giuliano's biography and résumé of academic work, including an abbreviated list of publications. Your biography should be written in narrative form using third person and fit on the back of the page.

Biography and Resume of Academic Work

William M. Giuliano is completing the Doctor of Philosophy in Wildlife Science in the Department of Range and Wildlife Management. Mr. Giuliano was born in Everett, Massachusetts. He received his Bachelor of Science degree in Wildlife Management with a minor in Zoology from the University of New Hampshire in 1988 and his Master of Science degree in Biology from Eastern Kentucky in 1990. He has worked as a teaching assistant at the University of New Hampshire and instructed courses at Texas Tech University. In January 1992, Mr. Giuliano joined the doctoral program at Texas Tech University. While at Texas Tech, he has been involved in research in quail reproductive biology and management. He has co-authored seven scientific papers and presented his findings at ten regional, national, and international conferences. Mr. Giuliano is a member of the Wildlife Society, American Society of Mammalogists, Ecological Society of America, and The American Ornithologists' Union. Selected publications include:

Giuliano, W.M., R.S. Lutz, and R. Patino. 1995. A simulated insect diet as a water source for quail: effects on body mass and reproduction. *Comparative Biochemistry and Physiology*. In press.
