Application to take HONS 3302-H02
Early Clinical Experience Seminar

Students interested in taking this course through the TTUHSC Medical School must complete and submit this application to the Honors College by 8:00pm Wednesday, March 23, 2016. Admission into this course will be competitive (limited to 10 students), and is open to Honors students only. You will be contacted via TTU email.

Early Clinical Experience
This course provides the framework for students to learn the fundamental concepts of the various roles and responsibilities of physicians. Learning occurs in several settings including classroom instruction, small group discussions, as well as in clinical settings. Students are assigned to physicians from a variety of specialties to shadow and learn about aspects of patient care. Students also explore ethical, cultural, psychological, and economic dimensions of clinical care through these various learning settings.

Class time: MW 1:00-1:50 PM and W 2:00-4:50 PM at the TTUHSC Medical School
This course provides 3 hours of core curriculum Technology & Applied Science for students who entered TTU prior to Fall 2013, and Honors upper-level seminar credit for all Honors students.

Eligible students should be juniors by hours or May/Aug/Dec 2017 TTU graduates, with steady progress made toward completion of medical school science requirements. Applications from seniors and sophomores may also be considered on a case-by-case basis. Students accepted to take this course must submit to a criminal background check as well as other training and medical screening (immunizations and TB testing).

Name: ________________________________________ R#:____________
Major(s):________________________________________ Minor:___________
Degree Hours Complete:_______ GPA:_______
Honors Hours Complete:_______ Honors Hours in progress: ________
