

**Texas Tech University**  
**Department of Nutrition, Hospitality, and Retailing**

**Full Professor**  
**Faculty Position**

**Application Due:** January 1, 2012 (or until filled)

**Type:** Nine month, tenured position

**Position Availability:** September 1, 2012 (negotiable)

**Salary:** Competitive and commensurate with qualifications

**Position Description:**

The Nutritional Sciences Program seeks a successful and energetic faculty member to join a growing graduate program. The successful applicant will teach nutrition courses at the graduate level and must have an established research program in the scientific analysis of eating disorders such as anorexia nervosa, bulimia nervosa, binge-eating, and obesity.

**Cluster Hire:**

This position is part of a strategic cluster hire established by Texas Tech University. It is anticipated that the successful applicant will collaborate on research and grant development with another new faculty member being recruited to the Addictive Disorders and Recovery Studies Program who will be examining eating disorders from an addictive point of view.

**Minimum Qualifications and Responsibilities:**

Doctorate in Nutrition or related field; Registered Dietitian highly desirable. A national reputation along with a demonstrated ability to establish a focused research program and secure significant external funding in this field is expected. Service to the department, college, and university is also expected.

**Application:** Apply at [www.depts.ttu.edu/personnel](http://www.depts.ttu.edu/personnel). Click on Applicants, then the employment website. Create an application for position number 82610. Include with the completed application a letter of application, vita, copy of transcripts (official transcripts will be required upon appointment), and the contact information (name, address, telephone number, and email address) of three references. Texas Tech University is an Affirmative Action/Equal Opportunity Employer. We strongly encourage applications from women, minorities, and veterans, and we consider the needs of dual career couples.
