### A Nutritional Tour of Italy

Students who participate in this program will have the unique opportunity to explore the rich culture and history of Italy while learning about food and sports nutrition. We'll better understand Italy by spending time in three beautiful cities: Rome, Florence, and Venice. Some of the planned exciting excursions and events include Rome's Tiber River Cruise, the famous Coliseum & Vatican, the Leaning tower of Pisa, Bologna, and the islands Murano, Burano and Torcello. Students will also tour wine and cheese factories, visit an olive oil mill, attend cooking classes with gourmet chefs, visit local food markets, and attend a sporting event in Italy.
