TEXAS TECH UNIVERSITY
Family & Consumer Sciences Education™
Agenda

1. Getting started
2. Creating a classroom
3. General layout and tools
4. Enrolling students
5. Creating assignments
6. Grading
7. A few FAQs
FAQs

1. My school doesn’t use G Suite for Education. Can I use Classroom with my students who have personal accounts?

No. To use Classroom with students at a school, the school must sign up for a free G Suite for Education account. Schools decide which Google services their teachers and students can use. Also, with G Suite for Education, teachers and students have the benefit of additional privacy and security protection.

2. Can parents sign into Google Classroom?

While parents cannot currently be enrolled in a Google Classroom, students may share their work with their parents.

Steps to Invite a parent:

1. Go to your Google Classroom.
2. Click “Students”
3. Next to the student click “Invite Guardian”
4. Type guardian's email address into the text box (more than one entry)
5. Click “Invite”
