A complete application packet will also include a current résumé

The HDFS/EC Ambassadors are comprised of undergraduate students majoring in Human Development and Family Sciences and Early Childhood. The Ambassadors serve as a collective voice of the students by addressing the needs within the department and work together to create a solution. These students serve as official representatives of the department and as an extension of the faculty and staff in the following capacities:

1. **Event Volunteers:** The Ambassadors assist with special events such as Majors and Minors Fair, Texas Tech Preview Day and more.
2. **Department Hosts:** Ambassadors serve as hosts/hostesses for professionals that visit our program to speak or present and for prospective students visiting campus.
3. **Student Recruiting:** Aid in the recruitment of prospective HDFS students by attending on-campus and off-campus recruiting events and visiting with prospective students during campus visits. Ambassadors will also follow up with student inquiries about the program as needed.
4. **Student Voice:** Ambassadors serve as a collective voice for the HDFS student population, relaying concerns, wants, and needs to the department. The Ambassadors will occasionally serve as a “sounding board” for the department when new initiatives or ideas come up.
