A late fee of \$50 will be assessed for each installment payment not paid by the installment due date. The plan allows for deferring the initial payment of the first installment through financing provided by a short-term loan. The balance will be paid in three payments. The first payment is 25% of the balance. The second payment is 37.5% of the original balance. The third payment is the remainder of the balance. A service charge of 1.25% of Mandatory Tuition and Fees (maximum \$25) is due at the time of set up. A late fee of \$50 will be assessed for each installment payment that is not paid by the installment due date.
