Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection

For Bachelor's or Equivalent Programs

Please provide data for the fall 2003 cohort if available. If fall 2003 cohort data are not available, provide data for the fall 2002 cohort.

Fall 2003 Cohort

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2003. Include in the cohort those who entered your institution during the summer term preceding fall 2003.

B4	Initial 2003 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking undergraduate students; total all students:	4,312
B5	Of the initial 2003 cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions:	
-	First 2000 and a first of the all and the address for the BF for a	0
В6	Final 2003 cohort, after adjusting for allowable exclusions: (subtract question B5 from question B4)	4,312
В7	Of the initial 2003 cohort, how many completed the program in four years or less (by August 31, 2007):	1,371
B8	Of the initial 2003 cohort, how many completed the program in more than four years but in five years or less (after August 31, 2007 and by August 31, 2008):	970
В9	Of the initial 2003 cohort, how many completed the program in more than five years but in six years or less (after August 31, 2008 and by August 31, 2009):	256
B10	Total graduating within six years (sum of questions B7, B8, and B9):	2,597
B11	Six-year graduation rate for 2003 cohort (question B10 divided by question B6):	60%

Fall 2002 Cohort

Report for the cohort of full-time first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2002. Include in the cohort those who entered your institution during the summer term preceding fall 2002.

B4	Initial 2002 cohort of first-time, full-time bachelor's (or equivalent) degree-seeking	
	undergraduate students; total all students:	4,283
	Of the initial 2002 cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions:	0
В6	Final 2002 cohort, after adjusting for allowable exclusions: (subtract question B5 from	U
	question B4)	4,283
B7	Of the initial 2002 cohort, how many completed the program in four years or less (by August 31, 2006):	
		1,301
В8	Of the initial 2002 cohort, how many completed the program in more than four years but in five years or less (after August 31, 2006 and by August 31, 2007):	906
В9	Of the initial 2002 cohort, how many completed the program in more than five years but	
	in six years or less (after August 31, 2007 and by August 31, 2008):	256
B10	Total graduating within six years (sum of questions B7, B8, and B9):	
		2,463
B11	Six-year graduation rate for 2002 cohort (question B10 divided by question B6):	500/
		58%

For Two-Year Institutions

Please provide data for the 2006 cohort if available. If 2006 cohort data are not available, provide data for the 2005 cohort.

2006 Cohort

B12	Initial 2006 cohort, total of first-time, full-time degree/certificate-seeking students:	N/A
B13	Of the initial 2006 cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions:	
B14	Final 2006 cohort, after adjusting for allowable exclusions (Subtract question B13 from question B12):	
B15	Completers of programs of less than two years duration (total):	
B16	Completers of programs of less than two years within 150 percent of normal time:	
B17	Completers of programs of at least two but less than four years (total):	
B18	Completers of programs of at least two but less than four-years within 150 percent of normal time:	
B19	Total transfers-out (within three years) to other institutions:	
B20		
B21	Total transfers to four-year institutions:	

Common Data Set 2009-10

2005 Cohort

B12	Initial 2005 cohort, total of first-time, full-time degree/certificate-seeking students:	N/A
B13	Of the initial 2005 cohort, how many did not persist and did not graduate for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government, or official church missions; total allowable exclusions:	
B14	Final 2005 cohort, after adjusting for allowable exclusions (Subtract question B13 from question B12):	
B15	Completers of programs of less than two years duration (total):	
B16	Completers of programs of less than two years within 150 percent of normal time:	
B17	Completers of programs of at least two but less than four years (total):	
B18	Completers of programs of at least two but less than four-years within 150 percent of normal time:	
B19	Total transfers-out (within three years) to other institutions:	
B20	Total transfers to two-year institutions:	
B21	Total transfers to four-year institutions:	

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in fall 2008 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

B22	For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate	
	students who entered your institution as freshmen in fall 2008 (or the preceding	
	summer term), what percentage was enrolled at your institution as of the date your	
	institution calculates its official enrollment in fall 2009?	2404
		81%

C. FIRST-TIME, FIRST-YEAR (FRESHMAN) ADMISSION

Applications

C1 First-time, first-year, (freshmen) students: Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in fall 2009. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

C1	Total first-time, first-year (freshman) men who applied	8578
C1	Total first-time, first-year (freshman) women who applied	7963
C1	Total first-time, first-year (freshman) men who were admitted	5716
C1	Total first-time, first-year (freshman) women who were admitted	5526
C1	Total full-time, first-time, first-year (freshman) men who enrolled	2329
C1	Total part-time, first-time, first-year (freshman) men who enrolled	45
C1	Total full-time, first-time, first-year (freshman) women who enrolled	2185
C1	Total part-time, first-time, first-year (freshman) women who enrolled	27

C2 Freshman wait-listed students (students who met admission requirements but whose final admission was contingent on space availability)

		Yes	No
C2	Do you have a policy of placing students on a waiting list?		Х
C2	If yes, please answer the questions below for fall 2009 admissions:		
C2	Number of qualified applicants offered a placed on waiting list	N/A	
C2	Number accepting a place on the waiting list	N/A	
C2	Number of wait-listed students admitted	N/A	
C2	Is your waiting list ranked?	N/A	
C2	If yes, do you release that information to students?	N/A	
C2	Do you release that information to school counselors?	N/A	

Admission Requirements

3 High school completion requirement

OJ.	riigii sonooi compictioni requirement		
C3	High school diploma is required and GED is	٧	
	accepted	^	
C3	High school diploma is required and GED is not		
	accepted		
C3	High school diploma or equivalent is not required		

C4 Does your institution require or recommend a general college-preparatory program for degreeseeking students?

C4	Require	
C4	Recommend	X
C4	Neither require nor recommend	

C5 Distribution of high school units required and/or recommended. Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or its equivalent). If you use a different system for calculating units, please convert.

C5		Units	Units
		Required	Recommended
C5	Total academic units	11

Freshman Profile

Provide percentages for ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year (freshman) students enrolled in fall 2009, including students who began studies during summer, international students/nonresident aliens, and students admitted under special arrangements.

C9 Percent and number of first-time, first-year (freshman) students enrolled in fall 2009 who submitted national standardized (SAT/ACT) test scores. Include information for ALL enrolled, degree-seeking, first-time, first-year (freshman) students who submitted test scores. Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item. Do not convert SAT scores to ACT scores and vice versa. The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

C9	Percent submitting SAT scores	63%	Number submitting	SAT scores	2889

	from prior institution(s)	X				

D6 If a minimum high school grade point average is required of transfer applicants, specify (on a 4.0 scale):

N/A

CDS-D Page 1

D7	If a minimum college grade point average is required of transfer applicants, specify (on a 4.0 scale): 2.25						
D8	List any other application requirements specific to transfer applicants: If a student has any transferable credits, then they must apply as a transfer student. Twelve credit hours is what is required to be considered a full transfer. If a student has less, then they are evaluated by both high school and college coursework for admission. If a student has 12-23 hours, they must have a 2.5 GPA. If they have 24+ hours, they must have a 2.25 GPA. If they have less than 12, then both high school and college coursework will be reviewed for an admission decision.						
D9	List application priority, closi are reviewed on a continuou

D16	Minimum number of credits your institution to earn a bac		ust complete at	30 credit hours			

D17 Describe other transfer credit policies:

CDS-D Page 2

Original copies of official college transcripts will be reviewed and coursework evaluated before transfer credit will be posted to a student's permanent academic record. Courses that may have been accepted for credit by another institution will not necessarily be accepted by Texas Tech.

Nonvocational, college-level courses completed with a grade of D or above at another accredited institution (including courses taken on a pass–fail basis and passed) will normally be accepted for transfer. No transferred course completed with a grade below C- may be applied to fulfill course requirements in majors, minors, or specializations.

Courses completed with codes indicating no grade or credit will not be transferred. This includes courses from which a student has withdrawn or received a grade of incomplete.

Vocational and technical courses normally not accepted for transfer may be transferred as credit with departmental approval. However, only the student's academic dean can determine the applicability of such credit towards a degree.

Transferability of courses will not be affected by a student's academic standing (i.e., probation, suspension), but credits earned while on academic suspension from Texas Tech University will apply to a degree plan only if approved by the student's academic dean.

Remedial courses will not be accepted for transfer and the credit hours will not be reflected on the student's academic record at Texas Tech.

Nonvocational, college-level courses from a nonaccredited institution may be posted to the student's academic record only after the student has validated the credits for transfer with the student's academic dean according to Texas Tech policy.

Credit by examination will be accepted when the student provides documentation of appropriate test scores on an original score report from the national testing organization or official high school transcript. Credit is awarded according to Texas Tech University's credit by examination guidelines.

Credit granted for nontraditional educational experiences by community colleges or other universities will not be accepted for transfer. These include courses taken at a nondegree-granting institution, life or work experience, and work completed at specialized proprietary schools.

Credit for specialized support courses such as math, science, and English intended for use in an occupational program will not be transferred.

Credit hours taken at a junior or community college may not be transferred as upper-division work, even when the Texas Common Course Numbering System designation indicates similar course content. When a course has been repeated at another institution, only the most recent course and grade will be transferred and posted to the student's academic record, unless the course is designated in the institution's catalog as "may be repeated for credit."

Texas Tech will not transfer credit for any college course documented only on a high school transcript.

2010	and provide an appro

nstitution's 2010-2011 academic year costs of attendance are not available at this time provide an approximate date (i.e., month/day) when your institution's final 2010-2011 academic year costs of attendance will be available:

G1 Undergraduate full-time tuition, required fees, room and board List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2010-2011 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a fourone-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use).

H. FINANCIAL AID

Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts **awarded** to enrolled full-time and less than full-time degree-seeking undergraduates (**using the same cohort reported in CDS Question B1**, "total degree-seeking" **undergraduates**) in the following categories. (Note: If the data being reported are final figures for the 2008-2009 academic year (see the next item below), use the 2008-2009 academic year's CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). **Aid that is non-need-based but that was used to meet need should** <u>be reported in the need-based aid columns</u>. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" on the last page of the definitions section.)

H1		2009-2010	2008-2009

H15

If your institution has recently implemented any major financial aid policy, program, or initiative to make your institution more affordable to incoming students such as replacing loans with grants, or waiving costs for families below a certain income level please provide details below:

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

Please report the number of instructional faculty members in each category for Fall 2009. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Dort time
		Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non- clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non- clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaska Native; Asian or Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

I 1		Full-Time	Part-Time	Total
I 1	a) Total number of instructional faculty	1148	102	1250
I 1	b) Total number who are members of minority groups	238	13	251
I 1	c) Total number who are women	418	50	468
I 1	d) Total number who are men	730	52	782
I 1	e) Total number who are nonresident aliens (international)	56	0	56
	f) Total number with doctorate, or other terminal degree			
I 1		1033	51	1084

	i١	Total number in stand-alone graduate/ professional programs in			
11	J)	which faculty teach virtually only graduate-level students	N/A	N/A	N/A

I2 Student to Faculty Ratio

Report the Fall 2009 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students. Do not count undergraduate or graduate student teaching assistants as faculty.

12	Fall 2009 Student to Faculty ratio	23	to 1	(based on	26636	students
				and	1182	faculty).

13 Undergraduate Class Size

13

12

13 13 In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2009 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2009. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Number of Class Sections with Undergraduates Enrolled

J. DEGREES CONFERRED

J1 Degrees conferred between July 1, 2008 and June 30, 2009

J1 For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

J1	Category	Diploma/ Certificates	Associate	Bachelor's	CIP 2000 Categories to Include
J1	Agriculture			4.3	1
J1	Natural resources/environmental science			0.4	3
J1	Architecture			3.9	4
J1	Area and ethnic studies			0.1	5
J1	Communications/journalism			6	9
J1	Communication technologies			0	10
J1	Computer and information sciences			0.9	11
J1	Personal and culinary services			0	12
J1	Education			0	13
J1	Engineering			9.9	14
J1	Engineering technologies			1.2	15
J1	Foreign languages and literature			1.7	16
J1	Family and consumer sciences			9.3	19
J1	Law/legal studies			0	22
J1	English			4.7	23
J1	Liberal arts/general studies			1.6	24
J1	Library science			0	25
J1	Biological/life sciences			3.6	26
J1	Mathematics			0.7	27
J1	Military science and technologies			0	29
