A. RECESS—Chairman Anders recessed the meeting at 8:15 am.
B. CALL TO ORDER; RECONVENE INTO OPEN SESSION OF THE BOARD.— Chairman Anders announced a quorum present and called the meeting to order at 8:31 am.

VII. INTRODUCTIONS AND RECOGNITIONS.—Chairman Anders called on Mr. Hance, Dr. Bailey, Mr. Cavin and Dr. Rallo to announce their introductions and recognitions.

A. INTRODUCTIONS.—Mr. Hance stated that he had several introductions.

“We have some new members to our Institutional Advancement team. First is Micah Blake. Micah is a development officer for the College of Visual & Performing Arts. He is a Texas Tech grad. He was a research aide while he was in school. He has his bachelor’s degree in management.

“Next is Micah Malouf. Micah started on March 1. He is a 2004 Texas Tech graduate in finance and economics and earned his a law degree from Texas Tech in 2007.

“DaLana Williamson is the senior administrator of the Foundation Board. She previously worked in professional development as an events coordinator. She is a 1999 Texas Tech graduate.

“These are the three new hires for Institutional Advancement.

“The SPICE team, our chess team, won a national championship. Collectively they have won five national championships, two state and one regional. They qualified for the final four this year in chess. To get there they beat UT-Austin, Florida-Atlantic, Stamford and Princeton. The freshman from the team is from Ohio; she had a 1590. She was accepted to attend college everywhere in the country but she came to visit Texas Tech because of chess and this is where she decided to attend college. She is one of the members of the national team.

“Susan Polger is head of the SPICE Institute and the chess team. She is originally from Budapest, Hungary. She won her first world championship in chess at the age of 12. She is the first female grandmaster of chess in the history of the world. She has won several titles and I could go on forever and ever, but she has 10 Olympic medals—five of those were gold, four silver and one bronze. She has been our coach and that is the reason we have gone from almost nowhere to the very top in a short period of time. We appreciate Susan very much.

“Another person to mention, who is not here today but hopefully will be introduced at a football game this fall, is Dallas Braden from the Oakland A’s. Dallas is a Texas Tech alum and threw the 19th perfect game in the
history of major league baseball in over 120 years. He has a great story. His mother died when he was in high school. His grandmother finished raising him. He was well thought of when he was here and we look forward to having him as a guest to flip the coin at one of our football games this fall.

"Those were my introductions for today."

Chairman Anders called on Dr. Bailey for his introductions.

Dr. Bailey began his introductions. "I have four introductions today. We have had several great things happening.

"First of all, please meet our 2010-2011 Student Government Association officers. Drew Graham is our new president. Drew is a junior public relations major from Frisco, Texas. Jenny Mayants is our new internal vice president. Jenny is a sophomore energy commerce major from Sugar Land, Texas. Tyler Patton is the external vice president; he is a sophomore as well. He is a public relations major from Graham, Texas. Deepali Butani is our graduate vice president; she is a fifth year graduate student—doctoral student in chemistry. She is from New Delhi, India.

"This is a group of kids which are from all over the state and the world. We are very proud of them and look forward to working with them over the next year.

"For the first time ever, a Texas Tech University golfer has won an individual title at the Big XII Golf Championship—in fact he won the title. Chris Ward is a senior business major from McKinney, Texas.

"Chris, we are very proud of you. You will be going on to the regional competition in College Station very soon. When you win there, you will continue on to the national tournament.

"He has done a great job. Our coaches are here as well. We are very proud of each of you. Terrific job—congratulations.

"We are winning championships all over—our Ranch Horse Team won the national title at the American Stock Horse Association Collegiate National Championship. We did not bring the entire team, but we did bring some representatives. Coach Levi Williamson is a first-year graduate student in animal science. The team is represented by Cooper Cogdell and Kelsey Stokes. Cooper is a junior agribusiness major from Silverton, Texas. Kelsey is a freshmen agribusiness major from Afton, Texas. Congratulations to this group as well.
“Our cheer squad finished third at the National Cheerleaders Association and National Dance Association Collegiate Cheer and Dance competition. They were 8/100th of point away from winning it all. We have a great group. Their coach is Joshua Anderson and Stephanie Rhode is their sponsor. Two of our cheer squad members are present as well. Jacob Tucker is one squad member. Jacob graduates tonight with his MBA. He is from Odessa, Texas. Andrea Fanning is another squad member. Andi is a junior public relations major from Combine, Texas. Congratulations to you all. We look forward to your team winning the national championship next year.

“At the last meeting, you expressed your continuing support for our Horn Professorships and asked to be introduced to our new professors. As you know, this is the highest internal honor that we grant. We have two new Horn professors with us today. Dr. Linda Allen is a professor of mathematics who came to Texas Tech in 1985. Her research is in mathematical ecology and epidemiology. She works with people who study the spread of disease and such. She is a tremendous faculty member. We are very proud of Dr. Allen and her achievements. Congratulations.

“Our second Horn professor is Dr. Vickie Sutton. She is director of the Center for Biodefense Law and Public Policy. She leads the only program of its type in the country. By the way, this is an internationally recognized center. She is very well known for that work. She previously served as assistant director in the White House Science Office for George H. W. Bush. She does a tremendous job. Congratulations, Vickie.

“There are two other faculty awards to mention. These are unique and special. Dr. Greg McKenna is the winner of the 2009 Bingham award. This award is given annually by the Society of Rheology for outstanding contributions to the field. Rheology is the study of processes; it’s essentially applied physics. Dr. McKenna is doing a tremendous job. I want to stress the importance of this prize. We believe that Dr. McKenna is a future national academy member. He is doing tremendous work. Congratulations.

“My final introduction is for the recipient of the Piper Professorship. The Piper Professorship is awarded to the best professors throughout the state of Texas every year. This is a unique and very difficult award to achieve. Dr. Laverie has won that award this year. She is a senior associate dean and professor of marketing in the Rawls College of Business.”

Dr. Bailey called on Dr. Laverie to present her with a certificate and honorarium check for her Piper Professorship award.
Dr. Bailey stated that was the conclusion of his introductions.

Chairman Anders asked for the Horn professors to stand once more and congratulated them for their accomplishments.

Mr. Cavin stated that he had five introductions for the Health Sciences Center.

“The first introduction is of Dr. Pearl Merritt. Dr. Merritt is a new professor in the School of Nursing along with the regional dean for our Abilene campus. Dr. Merritt has been the president of the Buckner Retirement Services Inc. for the last three years and prior to that served Buckner as their vice president and general manager. She has had more than 30 years experience in the healthcare field—22 of those years being in long-term care. Her career has focused on improving geriatric care environments and the development of nurses. She has brought the greenhouse model for long-term care to Texas. This model enhances the quality of care through a total rethinking of the architectural design, the staffing, and the philosophy of skilled care nursing units. Dr. Merritt also created the first career ladder for certified nursing assistants in Texas and in 2008 she was selected as the winner by the Texas Association of Homes and Services for the Aging Distinguished Service award. Dr. Merritt is originally from and a native of Abilene. We thank her for returning home and being a member of our faculty.

“Also, we have newly elected student government officers at the HSC. I had the pleasure of attending their installation banquet on April 30. In my 23 years, one of the things that has been extremely impressive to me is the quality of our student government leadership at all our components. We have another generation coming in with the same type of accolades being thrown their way. Their spotlight at this banquet was on the faculty; they gave away faculty awards instead of spotlighting themselves in regards to their leadership transition from the old members to the new.

“Geoffrey Lowe is our president. Geoffrey will be a second year medical student in the fall. He is from Aledo, Texas. Geoffrey and his brothers all attended Texas Tech. Geoff earned his bachelor’s degree in exercise and sports science in May 2008; he graduated magna cum laude and is a member of Phi Beta Kappa. Geoff has an ambitious goal set for the 2010-2011 academic year which I’m sure he will tell you more about. His goal includes the completion of the additional amenities at the HSC student coffee shop area, the bike paths between TTU and HSC and also connecting the Recreation Center to the HSC. He intends to provide a venue for current students to continue with alumni and their respective fields and to create a networking opportunity for all of our students. Lastly, he hopes to build and maintain a strong relationship between the students
at our HSC regional campuses through visits and teleconferencing. Congratulations Geoff on being elected president.

“Next is Camille Vincent. Camille is the new vice president for operations. In the fall, she will start her first year in a master’s program in speech language pathology within our School of Allied Health Sciences. Camille is a native of Odessa. On May 22, next Saturday, she will receive her undergraduate degree from our School of Allied Health Sciences in speech language and hearing sciences. Camille’s goal for the upcoming year is the establishment of a well-organized system to get information to students in a more affective manner, to establish a better communication system between the student body and the Student Government Association and to increase student’s involvement throughout the entire HSC. Congratulations Camille.

“Our new vice president for finance is Phillip Gall. Phillip will begin his fourth and final year of studies at the School of Pharmacy. He was born in Boulder City, Nevada but grew up in a small east Texas town of Cooper. He pursued his degree of microbiology in the College of Arts and Sciences at TTU and was accepted into the School of Pharmacy after his junior year. Phillip’s goals for the upcoming year include rewriting portions of the SGA constitution to give centers more responsibility and with that the accountability that goes with that responsibility and to resolve financial issues with multiple campus student organizations and encourage senators to become more involved with one another. Congratulations, Phillip on your election.

“Last but not least, is Jeramy Davies. Jeramy is the new vice president for communications. He will be starting his senior year of medical laboratory science this summer at the School of Allied Health Sciences. He was born in Lakenheath, England and has since lived all over the United States. His is married to a physical therapy student, Laurie Davies, who will be graduating this May with a doctoral of physical therapy degree. Jeramy’s goals for the upcoming year are to create more funding for scholarships and opportunities to receive those scholarships, and also to establish a better rapport in communications with the other campuses. Congratulations to you too Jeramy.”

Chairman Anders thanked Mr. Cavin for his introductions and asked for Dr. Rallo to proceed with his introductions.

Dr. Rallo made his introductions. “Good morning. I have one introduction today. As the Board is aware, our current SGA president, Jeff Harris, will assume a new role on June 1, so I’d like to introduce our new president, Justin Till. Justin is a senior political science major from Monahans,
Texas, who is currently the vice president. We know he will continue to do
great things for ASU and its students.

“Thank you.”

Chairman Anders thanked all of those being recognized.

The motion was seconded and passed unanimously.

**VIII.B.2. TTUS: Adopt amendments to Chapter 04, Regents’ Rules, and approve related institutional operating policies.** — The Board approved the proposed amendments as developed by the Regents Rules Review Committee (“Rules Committee”) for Chapter 04 (Faculty), *Regents’ Rules*.

In December 2009, the Board approved amendments to Chapter 04 that off-loaded detailed provisions of the tenure policies, with those detailed policies now residing only in the operating policies (OP’s) of each institution. There were no substantive changes to the tenure policies when they were off-loaded to the institutional OP’s. Currently, the Chapter 04 section on tenure simply requires each component institution to maintain tenure and promotion guidelines in their OP’s, and any changes to a tenure OP must be approved by the Board.

In order to complete the “condense and off-load” project for Chapter 04, the Rules Committee recommends a similar process for two other Chapter 04 policies:

1. Performance evaluations of tenure faculty;
2. Academic workload.

In Chapter 04, the detailed provisions for these two policies would be condensed to two-sentence statements that require:

1. Component institutions must maintain the necessary policies in their OP’s; and
2. These OP’s … and any changes to these OP’s … must be approved by the Board. Thus, the related institutional OP’s will need to be approved by the Board at the same time approval is given for the Chapter 04 amendments.

There are **no substantive changes in policy** made as a result of the detailed provisions being off-loaded from Chapter 04 to reside only in the institutional OP’s.

The proposed amendments to Chapter 04 and the institutional OP’s proposed for adoption by the Board are included herewith as Attachment No. 4.
Regent Turner stated that consideration of items by the Committee of the Whole was concluded.

IX. REPORTS OF STANDING COMMITTEES.—At approximately 8:51 am, at the direction of Chairman Anders, Standing Committee reports were presented sequentially to the Committee of the Whole.

IX.B.2. ASU: Approve the Traffic and Parking Regulations.—The Board approved the Angelo State University Traffic and Parking Regulations as detailed below.

Executive Summary

The University Police Department is proposing the following parking changes for 2010-2011:

- Reserved commuter student “D” zone annual parking rates would increase from $100 to $150.
- Reserved “D” zone permit holders would be prohibited from parking in student commuter “B” zones.
- Reserved “D” zone permit holders would be allowed to park in “general use” parking lots (A/B/C) provided they have a current valid “D” zone parking permit.
- Parking services would assess a $5.00 administrative service fee for any person needing to exchange a valid parking permit sticker.
- Parking services would provide part time/temporary employees with a temporary parking permit at a rate of $5.00 a month. The fee must be paid in person and is nonrefundable.
- Parking services would offer a combination parking permit for those wishing to purchase an automobile and motorcycle permit.
- Parking permit holders may not display old expired parking permits on their vehicles when parked on campus.
- The “No Permit/Failure to Display” fine would be reduced from $40 to $35.
- The “Parking in a Wrong Zone” fine would be reduced from $40 to $30.

Amend the Regulations, applicable to Angelo State University, to read as follows:

Introductions

The university further reserves the right to re-zone lots due to construction and/or traffic congestion. All changes will be made available through the Parking Services Web page http://webdev.angelo.local/services/parking_services/index.html, in the
RAM PAGE, or can be obtained upon request from the University Police Department and/or Parking Services Office.

Parking Services is located at 1825 South Johnson in the office annex complex. For phone or e-mail inquiries, please call (325) 486-6435 or e-mail your question to parking@angelo.edu.

I. Definitions

G. “General Use” parking lots marked “A/B/C” are designated as general use lots. Anyone with a valid ASU parking permit may park in these lots at any time.

H. “Reserved” is any parking space or area, permanent or temporary, that either requires a special permit or is otherwise marked. Examples would include, but not be limited to, “D” zones, visitor spaces, disabled spaces, service or maintenance spaces.

II. Vehicle Regulations

A. In order to operate or benefit from the use of a motor vehicle on campus, each member of the Angelo State community must obtain and display, in his or her name, a vehicle registration permit. No person may register a motor vehicle in his or her name which belongs to another student, faculty, or staff member, or is not a member of that person’s immediate family. Violation of the Traffic and Parking Regulations is prohibited by the Student Handbook and Angelo State University policy. To benefit from the use of parking spaces designed for persons with disabilities, an eligible faculty, staff member or student MUST display a state issued placard or license plate as well as a university parking permit.

III. Vehicle Regulations

G. Angelo State University issues the following parking permits:

4. “D” zone - Reserved parking (commuter students with special permits only) includes:
   a. “B” zones on campus
   b. a. Academic Building (Upper Lot P-39), permits marked 39 only.
   c. b. Carr Education-Fine Arts Building (Lot P-42b), permits marked 42 only.
   c. “General Use” Lots (lots marked A/B/C)

   Vehicles found illegally parked in a reserved parking lot shall be subject to immediate towing at the owner’s expense.

5. “Temporary” - Permits may be issued for:
   d. Special circumstances as deemed necessary by the parking services manager and/or the chief of university police.

N. Upon termination of employment, an employee’s parking privileges are revoked. The faculty/staff permit must be returned to the University
Police Department Parking Services Office or to the Office of Human Resources at the time of his/her exit interview.

P. Anyone who changes permit status or vehicles, must on the following class day, update the information at the University Police Department Parking Services Office.

R. Trailers must be registered with the University Police Department Parking Services Office, before they may be parked on the campus. A temporary permit may be issued on a space available basis without charge for a period not to exceed two weeks. Trailer permits for periods to exceed two weeks shall be on a space available basis at the rate established for second vehicles. Trailer parking, if approved, will be limited to a specific area as designated by the University Police Department.

4. **Second or replacement permits are priced the same as applicable permits.**
? Faculty/Staff

Lost or stolen “A” zone permits must be reported immediately to the University Police Department upon being discovered lost or stolen.

1. Students

Window decal parking permits are not transferable to another vehicle. Decal permit holders, wishing to transfer a permit to another vehicle or make zone changes, must scrape off the current decal and present it to the Parking Services Office at the time of the requested change. Failure to present the scraped current decal will result in a replacement fee being assessed.

Anyone wishing to exchange a permit must provide the old permit. A $5.00 administrative fee will be assessed for any permits being exchanged.

V. Permit Regulations

A. All faculty and staff parking or standing a motor vehicle on campus shall have a valid “A” zone permit displayed at all times. A student working part time for the university is not eligible for an “A” zone permit and shall have a valid student parking permit displayed at all times while parked on campus. Graduate students do not qualify as faculty. Teaching Assistants may be issued a temporary “A” zone permit on a semester-by-semester basis. Teaching Assistants must have their instructor submit a written request to the University Police Department Parking Services Office and purchase a student permit to obtain a temporary permit.

3. Any and all old or invalid ASU parking permits shall be removed from vehicles being operated or parked on campus.

VI. Parking Zones

E. Students purchasing a “D” reserved zone permit must park in the lot number specified on the permit. Appropriate “D” zone or in any “B” General Use zone on campus. They may NOT park in the other reserved lots or “B” zones.

F. PARKING IN A RESERVED “D” ZONE WITHOUT THE PROPER, A VALID “D” ZONE PERMIT MAY RESULT IN A CITATION BEING ISSUED AND/OR A VEHICLE BEING TOWED AT THE OWNER’S EXPENSE.

J. Disabled or handicapped individuals must display a valid approved State of Texas permit on their motor vehicle to legally park in a designated handicapped parking space. This special permit must be obtained at the County Tax Assessor’s Office. This permit must be displayed in conjunction with a valid ASU parking permit. University Police The Parking Services Office is are authorized to issue temporary disabled permits, which allow for parking in disabled spaces on campus. Such permits are only valid on the ASU campus.
Violation of this law may result in a Justice of the Peace citation or an ASU citation, at the officer’s discretion.

VII. Parking areas for visitors

A. Visitors must obtain and display a proper visitor’s pass when parked on campus. Visitor’s parking passes are free and may be issued for up to six months. Visitor’s passes are issued and obtained at the University Police Department Parking Services Office.

The Board approved an increase in tuition and fees of 9.95 percent.

The TTU Tuition and Fee Assessment 2010-2011 Academic Year PowerPoint is included herewith as Attachment No. 9.

IX.B.4. TTU: Approve amendment to revise/expand the Huron Consulting Group consultation.—The Board approved to amend the Huron Consulting Group agreement to increase the scope and duration of the agreement.

Texas Tech is moving aggressively to Tier 1 status. As we grow, our foundation supporting the entire spectrum of the research enterprise must be strong. Now is the time to proactively ensure that our systems and culture are the best possible and on par with our aspirations. We can especially benefit from the adoption of best practices utilized by very successful research universities.

The regulated world around sponsored research is becoming increasingly complex at a time when universities are aggressively growing their research enterprises. These regulations fall typically in three areas (i) cost policy and financial management, (ii) scientific integrity, and (iii) welfare
of subjects and the environment. There are significant risks (e.g., financial fines) to be minimized and new resource opportunities to be realized (e.g., increased federal support of the research enterprise and fully allowable indirect costs recovered on sponsored projects) around these regulations. Under the terms of this contract, Huron Consulting Group has helped us achieve a successful facilities and administrative costs (F&A, sometimes referred to as indirect costs) rate negotiation with the U.S. Department of Health and Human Services with a new F&A rate for FY11 increased to 47.0 percent. Specifically, we seek continued ongoing consultative help around two broad matters: (i) reviewing our past and new proposed practices and procedures around time and effort certification for federally-sponsored projects, and (ii) identifying best practices and procedures around our cost policy and financial management systems, scientific integrity systems, and welfare of subjects and the environment systems.

The total cost of the contract as amended is $547,000 (plus reimbursable expenses estimated at 15 percent), to be paid (for the contract period of 02-18-2010 through 03-31-2011) by the Division of Finance and Administration.

IX.B.5. TTU: Authorize president to approve engagement of a consulting firm to assist in an executive search in the Edward E. Whitacre Jr. College of Engineering.—The Board authorized the president to approve a consulting agreement between Texas Tech University and Korn Ferry International to assist in searching for a Department Chair in the Bob L. Herd Department of Petroleum Engineering.

IX.B.6. TTU: Approve Department of Intercollegiate Athletics food and beverage contract.—The Board authorized the chancellor to execute a five-year agreement between Texas Tech University Department of Intercollegiate Athletics and Ovations Food Services, for exclusive food and beverage concession and catering services in all Department of Intercollegiate Athletics facilities (excluding Jones AT&T Stadium suite and club levels) and the United Spirit Arena with terms and conditions no less favorable than set below.

Texas Tech University requested proposals from qualified companies throughout the nation to provide exclusive food and beverage concession and catering services for the Department of Intercollegiate Athletics and the United Spirit Arena. The proposal from Ovations Food Services was
evaluated to be the best proposal received from third party providers of concession and catering services.

The following summarizes the terms and conditions of the proposed contract:

The TTUSA Approve the Five-Year Capital Projects Plan and Authorize Submission of the MP1 Report PowerPoint is included herewith as Attachment No. 28.

IX.D. **REPORT OF THE ACADEMIC, CLINICAL AND STUDENT AFFAIRS COMMITTEE**

Committee Chairman Anders reported that the Academic, Clinical and Student Affairs Committee met in open session on May 13, 2010 to consider those matters on its agenda and to formulate recommendations to the Board of Regents of the Texas Tech University System. Unless otherwise indicated, the actions set forth in the Minute Orders that follow were recommended by the Academic, Clinical and Student Affairs Committee and approved in open session and without objection by the Board of Regents of the Texas Tech University System.

IX.D.1. **ASU: Approve appointment with tenure.**—The Board approved the granting of tenure to the following faculty of Angelo State University (“ASU”) concurrently with his appointment.

Anthony P. Blose, Ph.D., new provost and vice president for academic affairs and professor in the Department of Physics, College of Sciences, comes from Lake Superior State University in Michigan, where he currently is the provost and vice president for academic affairs and holds a tenured position as a professor of physics.

IX.D.2. **ASU: Confer title of Professor Emerita on Gloria A. Duarte, Ph.D.**—The Board approved the conferral of Professor Emerita on Gloria A. Duarte, Ph.D., former professor of English.
IX.D.3. **ASU**: Approve revisions to the Student Handbook of Angelo State University, effective fall 2010.—The Board approved revisions to the *Student Handbook*, included herewith as Attachment No. 30, for Angelo State University, effective fall 2010.

Most of the proposed revisions to the Student Handbook are editorial, primarily to account for changes in campus titles, office locations, and administrative alignments. The changes also include the deletion from the Student Handbook of a number of academic policies which remain available through the university’s web site.

One substantive change, however, is the inclusion of a new university policy on Involuntary Withdrawals that is similar to a policy the Board approved for Texas Tech University in December of 2009.

IX.D.4. **TTU**: Approve appointment with tenure.—The Board approved the granting of tenure to the following faculty of Texas Tech University contemporaneously with his appointment:

Russell James, Ph.D., new associate professor in the College of Human Sciences, Department of Applied and Professional Studies, Division of Personal Financial Planning ("PFP"). Dr. James is currently the director of a degree program in residential property management and an assistant professor in the Department of Housing & Consumer Economics at the University of Georgia, Athens. Dr. James is currently in a tenure-track position at the University of Georgia where a decision regarding his tenure is scheduled for the fall 2010. His area of expertise is charitable giving, a sector of the financial field that is currently unavailable with the PFP’s faculty make up. His addition to Tech’s faculty will provide an excellent enhancement to an already stellar program. Both the department chair and college dean believe strongly that Dr. Russell James merits tenure with his appointment at Texas Tech.

IX.D.5. **TTU**: Approve granting of academic tenure.—The Board approved granting tenure to the following faculty of Texas Tech University, effective the 2010-2011 academic year.

Robert Kirby, associate professor, Department of Mathematics and Statistics, College of Arts and Sciences;
Stuart Gillan, associate professor, Area of Finance, Rawls College of Business Administration;

David Harrison, associate professor, Area of Finance, Rawls College of Business Administration;

IX.D.8. TTU: Approve revised institutional mission statement.—The Board approved a change in the Mission Statement for Texas Tech University (“TTU”) as recorded in the “Missions” page of the Regents’ Rules and authorized submission of the revised TTU Mission Statement to the Texas Higher Education Coordinating Board for their statutory review of institutional mission statements currently underway.

The proposed mission statement in the 2010-20 Strategic Plan publication, which was initially approved by the Texas Tech University Strategic Planning Council is as follows:

**Proposed Mission Statement:** As a public research university, Texas Tech advances knowledge through innovative and creative teaching, research, and scholarship. The university is dedicated to student
success by preparing learners to be ethical leaders with multicultural and global competencies. The university is committed to educating a diverse and globally competitive workforce, and enhancing the cultural and economic development of the state, nation, and world.

After further review of the statement, the statement was revised as follows:

**Revised Mission Statement:** As a public research university, Texas Tech advances knowledge through innovative and creative teaching, research, and scholarship. The university is dedicated to student success by preparing learners to be ethical leaders for a diverse and globally competitive workforce. The university is committed to enhancing the cultural and economic development of the state, nation, and world.

IX.D.9. TTU: Approve conferral of an honorary degree.—The Board approved the conferring of an honorary degree of Doctor of Laws, upon Becky J. Lanier at the University commencement ceremony on May 15, 2010.
