V. CALL TO ORDER; RECONVENE INTO OPEN SESSION OF THE BOARD.—
Chairman Dueser announced a quorum present and called the meeting to order.

VI. INTRODUCTIONS AND RECOGNITIONS.—Mr. Hance stated that he did not have anyone to introduce this time.

Dr. Whitmore made the following comments:

“We will begin by introducing a student. This student embodies the full spirit and tradition of the university. He is our Masked Rider, Kevin Burns. Kevin is a junior animal science major from Clovis, New Mexico. Kevin will make hundreds of appearances and travel thousands of miles across the southwest infusing the spirit of Texas Tech. He will be attending athletic events, parades and rodeos—acting as a recruiter; this is one of our students who is out there putting Tech’s name forward. Kevin grew up showing and training horses and spent his first two years at Texas Tech as a member of our horse judging team. He is an avid horseman and Red Raider. As a child, Kevin he told anyone who would listen that he was going to be the Masked Rider someday.

“Next, we have two new deans to introduce. First, we will begin with Carol Edwards, who began her duties last week as the new dean of the College of Visual and Performing Arts. Dean Edwards most recently served at Western Washington University as dean of its College of Visual and Performing Arts. She earned her doctorate in 1992 from Florida State University. She holds a master’s degree in art education from the University of Alabama and a fine arts degree from Mississippi University for Women. She is a member of Phi Kappa Phi National Honor Society, the International Council of Fine Art Deans, and the National Art Association. We welcome Dean Edwards to Texas Tech.

“Next, we have Dr. Fred Hartmeister. Dr. Hartmeister who has served as chair of Tech’s Department of Educational Physiology and Leadership was recently selected to become the dean of our Graduate School. For the past fourteen years, Fred has worked closely at Texas Tech with our graduates and graduate programs across the university. In his new position, he will continue to work closely with others at Texas Tech to grow our graduate student population and to grow the quality of our graduate programs. He earned his master’s degree in business administration in 1979 from the University of Denver; he received his doctorate in educational administration and a law degree from the University of Wyoming. We are extremely pleased to have him leading our graduate school, which is one area of growth that we have been emphasizing. Dean Hartmeister will continue to do that both in quality and size.

“Our Athletic program has a new soccer coach. He is Tom Stone. Tom came to Texas Tech from Clemson where he was an assistant coach. Prior to his stint at Clemson, he was the head coach of Atlanta Beat of the WUSA professional soccer league for three years. Tom played collegiate soccer at Duke and he...
earned a bachelor’s degree of history there. In 1986, he helped lead the Blue Devils to a victory in the national championship. After Tom played at the college level, he played professionally in France and for the Washington Stars and Colorado Foxes. We are very pleased to have Coach Stone.

“Next, I would like to introduce Kathy Nordstrom. Kathy is the newly elected president of the Staff Senate. She serves in the College of Visual and Performing Arts as an academic advisor in the area of theater. In that capacity, Kathy was awarded the President’s Excellence in Academic Advising Award for quality advising. We are proud that not only does she serve as an advisor but she is one of our top quality advisors. We look forward to working with her as our new senate president.

“Next, I have a group to introduce. This group is working on the Closing the Gaps, P through 20 Education Summit that will be held in Lubbock. Everyone is invited to attend. That summit will take place on November 20th at the Lubbock Memorial Civic Center. The purpose of this summit is to provide low income and first generation students and their families with information and strategies that will help them understand the college preparation process and encourage them to begin planning for college early. Henry Ramos is a part of this group. He was a former member of the Future Business Leaders of America from Lubbock High School and is an incoming Red Raider—we are proud to say. Also present is Tara Viswanathan who is a senior from Lubbock High School. She serves as a district vice president of the Future Business Leaders of America. Their advisor is Janie Ramirez. She is also the program director of Raiders Rojos, is co-chair of the Educational Summit Planning Committee, and an outreach specialist and employee of our College of Education. We look forward to this summit and are working on many fronts to make sure people have the opportunity to be successful. We are proud of the work being done by these individuals and thank them for their efforts.

“Finally, I would like to introduce someone who most of you already know. That is Bill Dean who heads our Alumni Association. Bill will make a presentation of gifts to our new regents.”

Mr. Dean stated that his purpose was to carry on a tradition the Alumni Association started a number of years ago, and that is to welcome our new regents by presenting them with an official Texas Tech watch. Mr. Dean presented a watch to Regents Jerry Turner and John Field Scovell and Student-Regent Ebtesam Attaya Islam.

Dr. Mittemeyer stated that there were several outstanding faculty to introduce. His comments were:

“Two are from our School of Nursing—specifically from our School in Marble Falls. Some of you may know that as the TTU Highland Lake campus. First, we’ll
begin with some background about the nursing program in Marble Falls. The program began in 2004. It actually offers all three of our undergraduate and graduate programs—specifically from diploma nurses to bachelor of science nurses, from high school to bachelor of science, and also the accelerated program which is a program where we will take anyone who already has a college degree with some basic science courses and then expedite them into a BSN over a period of one to the very most two years. The program in Marble Falls has on average 70 students per year and this is during the fall, summer, and spring semesters.

“First, let me introduce Dr. Myrna Armstrong. Dr. Armstrong has been with Tech for 13 years. She has been in Marble Falls since the inception of the school in 2004. In July of 2007, she was named regional dean for the school of nursing in Highland Lakes. She teaches two web-based courses for two nursing programs; she is active on many nursing committees in the area; she mentors our faculty; she actively recruits students and seeks student scholarship monies. We thank Dr. Armstrong for her hard work and dedication.

“Next, I would like to introduce Dr. Darlene Lacy. Dr. Lacy has been at Texas Tech for two years. She teaches both in the undergraduate and graduate programs. She also makes clinical visits to see accelerated second degree students in Kerrville, Fredericksburg, San Marcus, Austin, Round Rock, Burnett, and Georgetown as well as Uvalde. She is one of our key faculty in this new part of our nursing school. We very much appreciate all she does.

“I would also like to mention some accolades that the School of Pharmacy has recently received. The School of Pharmacy is always on the agenda; it is just a great school. Dr. Charles “Chuck” Seifert is the regional dean for our Pharmacy School in Lubbock. With Dr. Seifert is Dr. Craig Cox who also represents the Pharmacy School. Dr. Cox is the vice chair of clerkship for the Lubbock campus. Also deserving recognition is Dr. Shane Green who couldn’t be with us. He is from the Dallas VA. Dr. Cox and Dr. Green both received a Merck Crystal Apple Award. This is a very special award presented by Merck Pharmaceuticals for exemplary partnership in pharmacy professional practice experiences. It is a very important award, and we are very proud of these gentlemen’s accomplishments. Thank you all for your representation of the Pharmacy School.

“There are two individuals who merit recognition but who were unable to be here today. One is Dr. Cynthia Raehl. She is from the Amarillo campus. Cynthia was installed as the president of the American Association of College Pharmacy. It is a great honor for the School a Pharmacy and is a major achievement to be in this prestigious position. We applaud Dr. Raehl for this great accomplishment. Finally, Dr. Paul Lockman, also from the Amarillo campus, was recognized with the Innovated Teaching Award by the American Association of College Pharmacy. These awards are very critical awards for a young school of pharmacy—keeping in mind that our Pharmacy School is the youngest school
authorized by the legislation in 1993 and actually opening in 1996. We are looking at a school only 11 years of age that has made tremendous strides including the opening of the new Pharmacy School in Abilene. Congratulations go to Dr. Nelson who as been the dean of the Pharmacy School since its inception and of course to the tremendous faculty he has recruited. Thank you all.”

VII. OPEN SESSION.—At approximately 9:31 a.m. on Friday, August 10, the board continued meeting in open session in the Board Room, Second Floor, Room 201, Administration Building, Akron and Broadway Avenues, Lubbock, Texas, to consider items as a board and in the Committee of the Whole.

VII.A. APPROVAL OF MINUTES.—Regent Dueser asked for approval of the minutes of the board meeting held on May 11, 2007. Regent Sitton moved for their approval. Regent Anders seconded the motion, and the motion passed unanimously.

VII.B. COMMITTEE OF THE WHOLE

Chairman Dueser announced that, for the purpose of facilitating action on the items to be considered, Regent Anders would preside over the Committee of the Whole.

VII.B.1. Regent Anders presented the item regarding approval of the Consent Agenda and acknowledgment of review of the Information Agenda. Regent Anders moved that the Consent Agenda be approved. (4) TTUS: Report on Energy Conservation Programs:
“Notification to the Board of the energy conservation programs of the component institutions of the Texas Tech University System.”

The energy conservation programs of the component institutions of Texas Tech University System have been approved by the chancellor and the presidents of the respective institutions. They are submitted for the information of the Board of Regents.

The Texas Tech University System has made energy reduction a priority for its component institutions. Each institution is currently in compliance with the State Agency Energy Savings Program as outlined in Executive Order #RP 49 dated October 27, 2005. Each institution hereby adopts an updated plan in accordance with the provisions of Section 388.005, Health and Safety Code, for conserving energy for the period of fiscal years 2008 through 2013.

In accordance with statutory provisions, each institution will present its plan to the State Energy Conservation Office (“SECO”), and will file quarterly reports on the plan with the Governor, the Legislative Budget Board (“LBB”) and the SECO.

HB 3693 and SB 12, 80th Legislature, Regular Session, 2007, both amend Section 388.005, Health & Safety Code, which requires energy efficiency programs for local governments, school districts, state agencies and institutions of higher education.

In 2001, the state required local governments and school districts to establish an electricity reduction goal of 5 percent per year. In the 80th Legislative Session, just concluded, the legislature extended this requirement to state agencies and institutions of higher education. In recognition of the progress made by institutions of higher education to
reduce energy consumption, the Legislature provided an option for institutions to submit an updated energy reduction plan with a lesser percentage goal and the submission of quarterly reports.

For the past 20 years, the components of the Texas Tech University System have proactively performed energy audits and assessments that have led to facility modifications, retrofits and changed behaviors that have reduced energy consumption.

By September 1, 2007, institutions must adopt a plan for conserving energy with a goal of reducing electricity consumption and must file notice of the plan and goal to the SECO. Institutions that have adopted an annual reduction rate that is less than 5 percent are required to report on the plan quarterly to the Governor, the LBB and the SECO.

By inclusion of this report on the Board’s Information Agenda, the Board of Regents has received information on the energy conversation plans for the component institutions of the Texas Tech University System.

Detailed plans will be provided under separate cover for Texas Tech University, Texas Tech University Health Sciences Center and Angelo State University.

The motion was seconded and passed unanimously.

Regent Anders stated that consideration of items by the Committee of the Whole was concluded.

VIII. REPORTS OF STANDING COMMITTEES.—At approximately 9:33 a.m., at the direction of Chairman Dueser, Standing Committee reports were presented sequentially to the Committee of the Whole.

VIII.A. REPORT OF THE FINANCE AND ADMINISTRATION COMMITTEE

Regent Mark Griffin reported that the Finance and Administration Committee met in open session to consider those matters on its agenda and to formulate recommendations to the Board of Regents of the Texas Tech University System. Unless otherwise indicated, the actions set forth in the Minute Orders that follow were recommended by the Finance and Administration Committee and approved in open session and without objection by the Board of Regents of the Texas Tech University System.

VIII.A.1. TTUSA: Approve FY 2008 operating budget.—The board approved the Texas Tech University System Administration FY 2008 operating budget. In addition, the board appropriated the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the board.
The TTUSA Summary Operating Budget FY 2008 PowerPoint, TTUSA Operating Budget FY 2008 PowerPoint, TTUSA Institutional Advancement/Development Total Budget Expenditures Report, and TTUSA Institutional Advancement/Development Full Time Equivalent Employees Report are included herewith as Attachment No. 1, Attachment No. 2, Attachment No. 3 and Attachment No. 4, respectively.

VIII.A.2. **TTU: Approve FY 2008 operating budget.** — The board approved the Texas Tech University FY 2008 operating budget. The board appropriated the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the board. In addition, the board continued the previously authorized delegation to the president of Texas Tech University to establish exemption and waiver criteria and approval procedures for the fees, rentals, rates, and charges in accordance with state laws.

The TTU FY 2008 Budget Overview PowerPoint is included herewith as Attachment No. 5.

VIII.A.3. **TTUHSC: Approve FY 2008 operating budget.** — The board approved the Texas Tech University Health Sciences Center FY 2008 operating budget. In addition, the board appropriated the fund balances of income generating accounts for specific activities usually supported by the accounts unless otherwise appropriated by the board.

The TTUHSC Operating Budget Summary Fiscal Year 2008 PowerPoint is included herewith as Attachment No. 6.

VIII.A.3-A. **TTU, TTUHSC, and ASU: Approve delegation of authority to respective presidents to select locations and times for credit card marketing activities on their campuses.** — The board authorized the president of each institution to designate one or more locations on the campus of each institution where a credit card issuer may engage in campus credit card marketing activities; and one or more times during which a credit card issuer may engage in campus credit card marketing activities. In addition, each president shall also adopt a policy requiring a credit card and debt education and counseling session to be included in any orientation program for new students.

VIII.A.4. **TTUS: Approval of an agreement between the Texas State University System and the Texas Tech University System regarding the payment of debt issued by the Texas State
University System for the benefit of Angelo State University.—The board authorized the chancellor to enter on behalf of the Board of Regents of the Texas Tech University System ("TTUS") into a binding agreement with the Texas State University System ("TSUS") regarding the debt issued by the Texas State University System for the benefit of Angelo State University ("ASU").

The proposed agreement will allow ASU to transfer its required debt service payments to the TTUS. The TTUS will then transfer the funds to the TSUS.

The TTUS, through its Revenue Finance System, may defease a portion of this debt in the future should it prove to be economically feasible to perform the refinancing for ASU. The TTUS commits its best faith efforts to assuming the ASU debt or issuing advance or current refunding bonds in accordance with federal and state tax laws and in a cost effective manner for both TTUS and ASU.

VIII.A.5. TTUS and ASU: Ratification, confirmation, and validation of Angelo State University contracts and other written obligations, other than bonds.—The board ratified, confirmed, and validated all previously approved revenues, incomes, receipts, rentals, rates, charges, fees, grants and tuition and all contracts and written obligations of every kind and character, other than bonds, entered into by the Board of Regents of the Texas State University System for and on behalf of Angelo State University.

The Board of Regents of the Texas Tech University System is substituted for and stands and acts in the place of the Board of Regents of the Texas State University System to the extent permitted by law.

This action is effective September 1, 2007.

VIII.A.6. TTUS and ASU: Ratify and confirm the policies and procedures of Angelo State University.—The board ratified and confirmed the policies in effect for Angelo State University as of August 31, 2007. This action is effective from September 1, 2007 through December 31, 2007.

During this transition period, the board authorized the chancellor to resolve any contradictions that may arise if an Angelo State University institutional operating policy is in conflict with the Regents’ Rules of the Texas Tech University System. The chancellor shall resolve such conflicts, if any, in a manner that serves and protects the best interests of Angelo State University.
and the Texas Tech University System jointly. The chancellor also shall notify and consult with the chairman of the board on any conflicts that are substantive in nature.

VIII.A.7. TTUS: Approve the engagement of Oaktree Capital Management, EnCap Investments L.P., and Anchorage Capital Partners as investment managers.—The board approved the following recommendations as made by the Investment Advisory Committee which met on June 7th and July 24th 2007:

To invest in Oaktree Fund VII, Oaktree Fund VIIb, EnCap Fund VII and Anchorage Capital Partners. Given the performance of our investments in the previous funds with both Oaktree and EnCap along with the credentials of all three firms, it was recommended they be considered as alternative asset class managers.

Further, the committee recommended that $5,000,000 be invested in Oaktree Opportunities Fund VII, $20,000,000 be invested in Oaktree Opportunities Fund VIIb, $15,000,000 be invested in EnCap Energy Fund VII and $10,000,000 be invested in Anchorage Capital Partners.

Accordingly the chancellor recommended that the Board of Regents approve the following recommendation of the Investment Advisory Committee:

Oaktree Capital Management (Fund VII & VIIb), EnCap Investments L.P. (Fund VII) and Anchorage Capital Partners be hired as alternative asset investment managers, to comply with the asset allocation plan of the Long Term Investment Fund, as set forth by the Board of Regents.

The Hammond Associates Hedge Fund Evaluation, Anchorage Capital Partners, Anchorage Capital Group, Long/Short Credit Report is included herewith as Attachment No. 7.

VIII.A.8. TTUS: Authorize a consulting agreement to provide support for federal relations.—The board authorized the chancellor to enter into an agreement to engage a firm to provide support services with regards to federal relations. The principal task of this firm would be to assist the Burkhart Center for Autism Research and Education, within the TTU College of Education, in gaining access to funds from the federal government and other sources.
The Normandy Group has been identified as well suited to provide this assistance.

The anticipated cost for this engagement is $120,000 for one year. All of the funds needed to pay these consulting expenses will be raised from private sources.

There would be an option to extend the agreement for a second year if the results produced in the first year warrant the extension. The agreement also would include a provision that allows Texas Tech to terminate the agreement upon 60 days notice to the consultant.

VIII.A.9. TTUSA: Approve adoption of National Incident Management System for Texas Tech University System.—The board adopted the National Incident Management System ("NIMS") as the foundation for incident command, coordination and support activities for the Texas Tech University System ("TTUS"). It shall further be the policy of the Texas Tech University System to provide training on the National Incident Management System and its core components to personnel responsible for managing and/or supporting major emergency and disaster operations.

The TTUS National Incident Management Systems ("NIMS") PowerPoint is included herewith as Attachment No. 8.

VIII.A.10. TTUS: Report on the centralization and redesign of "Technology Transfer."—The board accepted a report on the proposed centralization and redesign of Technology Transfer into a Texas Tech Incubator for Technology Commercialization included herewith at Attachment No. 9.

VIII.B. REPORT OF THE AUDIT COMMITTEE

Committee Chairman Serna reported that the Audit Committee met in open session to consider those matters on its agenda and to formulate recommendations to the Board of Regents of the Texas Tech University System. Unless otherwise indicated, the action set forth in the Minute Order that follows was recommended by the Audit Committee and approved in open session and without objection by the Board of Regents of the Texas Tech University System.

VIII.B.1. TTUS: Approve 2008 annual audit plan for the Texas Tech University System.—The board approved the annual audit plan, included herewith as Attachment No. 10.
VIII.B.2. TTUS: Report on audits.—The board accepted a report on audits, included herewith as Attachment No. 11.

VIII.B.3. REPORT OF EXECUTIVE SESSION.—Chairman Serna reported there were no actions to consider from Executive Session.

VIII.C. REPORT OF THE FACILITIES COMMITTEE

Committee Chairman Francis reported that the Facilities Committee met in open session to consider those matters on its agenda and to formulate recommendations to the Board of Regents of the Texas Tech University System. Unless otherwise indicated, the actions set forth in the Minute Orders that follow were recommended by the Facilities Committee and approved in open session and without objection by the Board of Regents of the Texas Tech University System.

VIII.C.1 TTU: Approve construction of the Jones AT&T Stadium Phase IV Project.—This item was deferred for consideration until a later meeting date.

VIII.C.2. TTU: Approve use of the Revenue Finance System to fund the Softball Field Improvement Project.—The board authorized the Office of Facilities Planning and Construction (i) to establish a project budget of $1,000,000 to construct improvements to the Rocky Johnson Field; and, (ii) finance the project with donations and through the Revenue Finance System to be repaid with future Athletic revenues and gifts and donations.

It was further recommended that the board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board found that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of Treasury Regulations, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a new project an aggregate maximum principal amount expected to be $1,000,000.

This approval is conditional on the chief financial officer’s certification that sufficient funds are available.

The chancellor further recommended that the president be authorized to negotiate and execute any and all agreements with
city, state, and county agencies, utility companies and other entities required to successfully complete the project.

VIII.C.3. TTU: Approve use of the Revenue Finance System to fund installation of FieldTurf at Dan Law Field.—The board authorized the president of Texas Tech University to (i) establish a project budget of $1,100,000 for the replacement of the existing artificial and natural turf at Dan Law Field with FieldTurf and (ii) finance the project through the Revenue Finance System to be repaid with revenues and donations and future Athletics revenue.

It was further recommended that the board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of Treasury Regulations, Section 1.150-2, to reimburse itself for original expenditures, advanced in connection with the design, planning and construction of a new project an aggregate maximum principal amount expected to be $1,100,000.

The chancellor further recommended that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

VIII.C.4. TTU: Approve use of the Revenue Finance System to fund installation of a Ribbon Scoreboard at the United Spirit Arena.—The board authorized the president of Texas Tech University to (i) establish a project budget of $1,500,000 for the replacement of arena upper deck scoreboards with an electronic ribbon scoreboard and (ii) finance the project through the Revenue Finance System to be repaid with future Athletics revenue.

It was further recommended that the board acknowledge that it expects to pay expenditures in connection with the construction of the project prior to the issuance of obligations to finance the project and, in that respect, the board finds that the reimbursement for the payments of such expenditures will be appropriate and consistent with the lawful objectives of the Texas Tech University System, and, as such, declare its intention, in accordance with the provisions of Treasury Regulations, Section 1.150-2, to reimburse itself for original expenditures, advanced in
connection with the design, planning and construction of a new project an aggregate maximum principal amount expected to be $1,500,000.

The chancellor further recommended that the president be authorized to negotiate and execute any and all agreements with city, state, and county agencies, utility companies and other entities required to successfully complete the project.

VIII.C.5. TTU: Approve a planning budget for the Biological Sciences Building life safety upgrade project.—The board authorized the Office of Facilities Planning and Construction to establish a planning budget of $250,000 in order to plan, program and design the Biological Sciences Building life safety upgrade project. The preliminary project budget is $2,324,093. The planning budget will be funded with Higher Education Assistance Funds.

VIII.C.6. TTU: Approve a planning budget for the College of Architecture Building life safety upgrade project.—The board authorized the Office of Facilities Planning and Construction to establish a planning budget of $250,000 in order to plan, program and design the College of Architecture Building life safety upgrade project. The preliminary project budget is $2,637,052. The planning budget will be funded with Higher Education Assistance Funds.

VIII.C.7. TTU: Approve the American Cancer Society ground lease for the Hope Lodge.—The board authorized the president to execute a ground lease for approximately 2.0 acres of campus land with the American Cancer Society (“ACS”) for the construction of a Hope Lodge. The initial lease term is for twenty (20) years with options for two (2) additional terms of twenty (20) years each. The ACS will pay Texas Tech a lease payment of one dollar ($1.00) per year. The Hope Lodge is a short-term residential facility that provides temporary lodging for cancer patients and their families for the duration of their cancer treatments.

VIII.C.8. TTUS: Report on the Retirement Village project.—The board accepted the report on the proposed Retirement Village private development project, included herewith as Attachment No. 12.

VIII.D. REPORT OF THE ACADEMIC, CLINICAL AND STUDENT AFFAIRS COMMITTEE

Committee Chairman Sitton reported that the Academic, Clinical and Student Affairs Committee met in open session to consider those matters on its agenda and to formulate recommendations to the Board of Regents of the Texas Tech University System. Unless otherwise indicated, the actions set forth in the Minute Orders that follow were recommended by the Academic, Clinical and Student Affairs Committee and approved in open session and without objection by the Board of Regents of the Texas Tech University System.

VIII.D.1. TTU: Approve change in academic rank.—The board approved changes in academic rank for the following faculty of Texas Tech University, effective September 1, 2007:
