

# Make Tracks for Summer Fun

Registration begins **May 1st**  
**806-742-1116 or [landmark.education@ttu.edu](mailto:landmark.education@ttu.edu)**

Each week is filled with Hands-On, Minds-On activities that allow children to explore the natural world in a safe environment. Environmental Education Guidelines for Learning and TEKS guide Amazing Summer Adventures development and implementation.

## Age Groups

**Going WILD**      5-6 year olds  
**Plains Explorers**    7-8 year olds  
**Nature Squad** 9-10 year olds

## Dates & Times

**Tuesday ~ Friday**  
**mornings 9:00 ~ noon**  
**June 5th ~ July 20th**

(No programs during the week of July 4th! )

**Please Note:** The Landmark's Amazing Summer Adventures are not designed for "Drop-In" participation. The weekly theme content is developed so that a child can learn about a topic through activities that build from one day to the next.

## Schedule at a Glance

**Fees:** All programs are **FREE** of charge.

Space is limited and pre-registration is required.

**Please** only register your children for programs you know they are able to attend!

**Registration:** For your convenience registration is available by phone or e-mail !!!

Register by phone: Call Landmark Education at (806) 742-1116.

E-mail: Landmark Education at [landmark.education@ttu.edu](mailto:landmark.education@ttu.edu)

**Confirmation:** You will receive a confirmation letter with additional information in the mail. All classes are held at Lubbock Lake Landmark, 2401 Landmark Drive (at N. Loop 289 and US Hwy 84).

**Please Note:** By registering your child to participate in Lubbock Lake Landmark programs, you are granting the Museum of Texas Tech permission to authorize emergency medical treatment.

The Museum of Texas Tech University, Lubbock Lake Landmark, and its staff cannot be held responsible for any personal liability.

Come along with us on an *Amazing Summer Adventure* as we learn about the cultural and natural heritage of the region.

# Growing WILD

5 & 6 year olds

## **Week 1: June 5~8**

### ***Life on the GREAT PLAINS***

Food Webs, Fire, Camouflage, Adaptations and more...

What makes the Great Plains unique? Join us to find out.

## **Week 2: June 12~15**

### ***Climate on the Move: The Ice Age***

Columbian mammoth, Short-Faced bear, Dire wolf, Camels, American Lion and more... learn about the changing climate and extinction.

## **Week 3: June 19~22**

### ***Conquistadors to Pioneers***

Trail blazing, map making... settlement. Discover the many faces of the frontier. What were explorers looking for? How did they travel?

Why did people settle on the plains? How did they survive?

## **Week 4: June 26~June 29**

### ***Everywhere Art***

Let your imagination soar! Create art using found objects and recyclable materials. Use natural fibers to make jewelry, paper and more.....

## **Week 5: July 10~13**

### ***Nature Champs***

Be a nature champ—conserve, preserve, protect, save, defend, support, maintain, sustain. Join us, learn how you can make a difference and take action to save the eco-systems around us.

## **Week 6: July 17~20**

### ***Archaeology / Reading the Clues***

Be an Archaeologist for the week!

Learn about archaeology, tour a real excavation site, and find out how Archaeologists solve mysteries of the past.
