- In-table power for students
- Document Camera
- PC Computer for Instructors
- Synchronous and asynchronous distance learning capabilities
- Glass boards
- Web camera
- Solstice pod screen sharing capabilities

## RAIDER ROOM CLASSROOM TECHNOLOGY IS HERE TO HELP

Classroom Technology Services is a division of IT Help Central that is dedicated to providing technology support and assistance in Raider Room classrooms.

Areas of focus:

- Upgrades and maintenance on Raider Room computers
- Research and installment of new equipment
- Answering technology questions and providing training
- Troubleshooting emergency technology teaching situations

With COVID-19 Classroom Technology has added new distance learning equipment and is working hard to keep the Raider Rooms in working order with limited staff.

How can we help?

- Watch the Raider Room training video at <http://www.depts.ttu.edu/odpa/spi/eism/>
- Please turn off equipment after your teaching session to preserve its usable life.
- If you make any changes to the Raider Room computer please make sure you change things back for the next instructor.

### DID YOU KNOW:

There are several helpful resources available on the IT Help Central website such as:

1. Raider Room Equipment instructions PDFs
2. Digital signage contact information
3. Technology consultation for TTU departments
4. "Buying the Right Computer" guidelines for Dell and Apple computers.
