The Office of Planning and Assessment reports its weekly activities and contributions toward Texas Tech University’s institutional effectiveness efforts.

OUTCOME 1: Texas Tech will be found in compliance with all external accrediting agencies and State of Texas mandates

- SACSCOC Monitoring Report Update:
  - The Core Curriculum Annual Report is prepared and has been shared with Genevieve Durham DeCesaro of the Provost’s Office. Once her approval and/or suggestions have been received, the report will be ready for reporting into TracDat as official documentation for future SACSCOC reporting. Additionally, an annual report document will be prepared for the Provost Office to use for various planning and improvement activities.
  - July 1 deadline for annual student learning outcomes reporting was one week ago. It appears that most programs have submitted all assessment data for the 2015-2016 Academic Year. However, there are a few that will need to be contacted next week. At this time, approximately 55% of all accounts have also been evaluated.
  - A table is being created to include in the Monitoring Report detailing improvements made in degree program assessment since the 2014-2015 academic year. Now that the deadline for 2015-2016 assessment reporting has passed, the table is nearing completion. An analysis of changes made during the past year will be included for each degree program.

- The Institutional Effectiveness Progress Portal continues to evolve. OPA is working on a number of educational videos that can be loaded to the site related to the various components OPA oversees. The internal deadline for videos to be prepared to load is early August.

- While preparing for the transcript audit that occurred earlier this summer, it was discovered that there are several off-site files that had not been processed or completed. OPA has scanned and prepared all the items we have for Instructor of Records and are working closely with the Provost’s Office to gather the remaining needed materials.

- A new method for gathering departmental data related to disciplinary accreditation was tested this week with Business Administration’s Association to Advance Collegiate Schools of Business (AACSB). Information was gathered and will be updated on the Accreditation Across Campus site. The testing identified a couple of issues that need to be resolved before it is used for the next full assessment of disciplinary accreditation. The unedited version can be found at https://evaluate.ttu.edu/surveys/?s=TL7DWRRWPA.

OPA is committed to working with the best solution of students that is institutionally feasible and looks forward to the ongoing development of institutional implementation.

Dr. Rice has expertise in the electronic portfolio movement at institutions of higher education and has published several books on the subject including, “Eportfolio Performance Support Systems: Constructing, Presenting, ad Assessing Portfolios” published in 2013 by WAC Clearinghouse. Dr. Rice offered numerous suggestions about the implementation of iPortfolio on the TTU campus.

• OPA staff met with leadership from the Academic Testing Center to discuss a partnership between their office and future CAAP administrations. We are exploring marketing the CAAP to freshmen seminar students in the Fall 2016 semester and reserving a testing room at the Testing Center to proctor the Writing Skills module to groups of freshman students. A meeting is scheduled next week with the RaiderReady Assistant Director to discuss marketing the assessment to students, as well as providing an incentive.

• Three Support Service Level (SSL) units have submitted their 2016-2017 Continuous Improvement reports. An email will be sent to directors reminding them of the September 1 deadline.

**OUTCOME 3: The Office of Planning and Assessment will continually monitor the university’s compliance with laws, policy statements, and policies deriving from the State of Texas, THECB, and SACSCOC**

• THECB- A document titled “Overview: Tuition Deregulation and Tuition Set Asides” was made available on the THECB website. This provides a background of tuition deregulation at Texas institutions of higher education since 2003. Different types of tuition are defined and data for each institution is provided from 2003 to 2015.
