      These awards are made in accordance with each of the eligibility criteria listed below. The award year is considered the fiscal year.

      The nominee(s) must:

c. Nominations

The electronic nomination form is the only source of information about the nominee the selection committee uses in the selection process. The selection committee members evaluate the degree the nominee demonstrates excellence in each of the criteria areas listed for consideration of the award. The quantity of nominations received is not a factor in the selection process.

d. Verifications and Approvals

Verification of employment, performance, and training criteria will be completed by Human Resources. Division leaders (provost, vice presidents, and deans) and immediate supervisors will be notified of employees from their areas who are nominated. Approval by the division leader and immediate supervisor is required for an award to be presented to the Distinguished Staff Awards Selection Committee.

e. Awarded Evaluation Criteria and Selection

Eligible nominations will be evaluated on the specific criteria for the award for which the employee is being nominated, and the selection committee will use a weighted scoring method to evaluate the criteria. The selection committee will prepare a list of recommendations to submit to the president and chancellor for his/her review and final selection for the respective awards.

2. Administration of Program

The administration of the program will be handled through Human Resources.
