

**P**ease Corps Prep will help you acquire the knowledge, skills and experience needed to serve in the U.S. Peace Corps. The Peace Corps Prep program is open to Texas Tech students of any major in good academic standing.

Although completion of the program does not guarantee acceptance as a Peace Corps volunteer, the specialized curriculum and experience gained in Peace Corps Prep will greatly increase your chances of being accepted as to serve.

To apply, contact Dr. David Lektzian, Director of Global Studies at [david.lektzian@ttu.edu](mailto:david.lektzian@ttu.edu).
