Special Note: A large number of items was received from the Graduate School on behalf of the Graduate Council on Friday afternoon, March 4. The number of items together with those on this agenda were deemed too many for one meeting. Accordingly, at the March 8 meeting we will discuss the prospect of holding a second March meeting on Tuesday, March 22 or another date. This will provide an opportunity for the other items (some of them course approvals) to be considered and still make the timeline for catalog submission in early April.
