

## **TWO TENURE-TRACK FACULTY POSITIONS FOR CLINICAL CHILD AND HEALTH PSYCHOLOGY AT TEXAS TECH UNIVERSITY**

The Department of Psychological Sciences at Texas Tech University announces two tenure-track Assistant Professor positions in our Clinical Psychology Program (clinical child req. 21823BR; health psychology req. 21722BR).

We seek to hire one candidate who can contribute to (a) the **clinical child** specialty (area of research is open); and one candidate who can contribute to (b) the **health psychology** emphasis within our Clinical Psychology Program. Clinical child candidates must receive their Ph.D. from an APA-accredited program by August 2021 and should be able to clinically supervise students. For the health psychology position, candidates with a clear training and research background in health psychology and experience teaching courses relevant to health psychology are especially encouraged to apply. Health psychology candidate research programs would ideally focus on the intersection of health and clinical psychology, especially (a) the contribution of interpersonal connections, experiences, and behaviors to health and well-being; and (b) understanding the biological mechanisms through which psychosocial factors affect health and well-being. Health psychology candidates must receive their Ph.D. in a relevant area of psychology by August 2021. For both positions, candidates are expected to conduct productive and programmatic research, compete for extramural research funding, teach undergraduate and graduate psychology courses, mentor graduate students, and provide service to the department, college, university, and profession. Experience working with diverse student populations and first-generation students is highly desirable. The anticipated start date for both positions is August 19, 2021.

The Department of Psychological Sciences at Texas Tech (<http://www.depts.ttu.edu/psy/>) has doctoral programs in Clinical (APA accredited), Counseling (APA accredited), and Experimental Psychology. We have 31 full-time tenured/tenure-track faculty, 130+ doctoral students, 1,200 undergraduate majors, our own building with labs and classroom space, and a Psychology Clinic. We have effective working relationships with the TTU Health Sciences Center, several large area hospitals, numerous clinics and psychological-service agencies, and other multidisciplinary groups in the region. Texas Tech University is classified as a doctoral “Very High Research Activity” university by the Carnegie Foundation and as a “national research university” by the State of Texas. TTU was also recently designated as a Hispanic Serving Institution (HSI). Lubbock is an ethnically-diverse community of approximately 255,000 people, with a low cost of living, temperate climate, modern airport and infrastructure, and excellent school districts.

To apply for a faculty position, candidates must submit a cover letter, vita, statement of research interests, statement of teaching philosophy, sample reprints, 3 or more letters of recommendation, and any other materials that candidates think will be helpful, to our online application website, at: [www.workattexastech.com](http://www.workattexastech.com), under the relevant requisition number.

**Review of applications will begin on October 15, 2020**, and will continue until the positions are filled. Please direct questions about these positions to: Dr. Andrew Littlefield ([andrew.littlefield@ttu.edu](mailto:andrew.littlefield@ttu.edu)), Clinical Psychology Search Committee Chair. **As an Equal Employment Opportunity/Affirmative Action employer, Texas Tech University is dedicated to the goal of building a culturally diverse faculty committed to teaching and working in a multicultural environment. We actively encourage applications from all those who can contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community at Texas Tech University. The university welcomes applications from minorities, women, veterans, persons with disabilities, and dual-career couples.**
