

## COUNSELING PSYCHOLOGY TENURE-TRACK FACULTY POSITION AT TEXAS TECH UNIVERSITY:

The Counseling Psychology Doctoral Program at Texas Tech University (TTU) invites applications for a tenure-track Assistant Professor position (req. 21816BR).

The anticipated starting date is August 19, 2021. Candidates are expected to conduct productive and programmatic research, compete for extramural research funding, teach undergraduate and graduate psychology courses, mentor graduate students and provide service to the department, college, university, and profession. Our aim is to hire an outstanding and collegial faculty member who will fit into our academic culture, with a focus on funded research, excellent graduate and undergraduate mentoring and teaching, national service and engaged outreach. We seek a strong researcher in any area within the field of Counseling Psychology with particular interest in: a) health disparities and translational science research with applications to clinical health work, b) mixed-method designs, and/or 3) assessments, with an interest in contributing specifically to graduate teaching. We have a strong commitment to diversifying our faculty and strongly encourage applications from members of diverse groups and from those with experience working with diverse student populations and first-generation students. Candidates must receive their PhD from an APA-accredited Counseling Psychology program by August 2021.

The Department of Psychological Sciences at Texas Tech (<http://www.depts.ttu.edu/psy/>) has doctoral programs in Clinical (APA accredited), Counseling (APA accredited), and Experimental Psychology. We currently have 31 full-time tenured and tenure-track faculty, 130+ doctoral students, 1,200 undergraduate majors, our own building with labs and classroom space, and a Psychology Clinic. Our research programs encompass departmental, campus, community, and national/international collaborations. We have effective working relationships with the TTU Health Sciences Center, several large area hospitals, numerous clinics and psychological-service agencies, and other multidisciplinary groups in the region. Texas Tech University is classified as a doctoral “Very High Research Activity” university by the Carnegie Foundation and as a “national research university” by the State of Texas. TTU was also recently designated as a Hispanic Serving Institution (HSI). With a population of approximately 255,000 people, Lubbock is an ethnically-diverse community, with a low cost of living, temperate climate, modern airport and infrastructure, and excellent school districts.

To apply for a faculty position, candidates must submit a cover letter, curriculum vitae, statement of research interests, statement of teaching philosophy, evidence of teaching effectiveness, sample reprints, 3 or more letters of recommendation, and any other materials that candidates think will be helpful, to our online application web site, at: [www.workattexastech.com](http://www.workattexastech.com), under the above requisition number for each of the specialty areas. **We will begin reviewing applications on October 16, 2020**, and will continue to review applications until the positions are filled. Please direct questions about these positions to: Dr. Brandy Piña-Watson, Search Committee Chair, [brandy.pina.watson@ttu.edu](mailto:brandy.pina.watson@ttu.edu), 806-834-8430. **As an Equal Employment Opportunity/Affirmative Action employer, Texas Tech University is dedicated to the goal of building a culturally diverse faculty committed to teaching and working in a multicultural environment. We actively encourage applications from all those who can contribute, through their research, teaching, and/or service, to the diversity and excellence of the academic community at Texas Tech University. The university welcomes applications from minorities, women, veterans, persons with disabilities, and dual-career couples.**
