

# THESE BOOTS ARE MADE FOR WALKING

C.W. Cannon ran a well known and well respected leather shop. He could make a cowboy any leather good he needed from saddles and stirrups to boots. A cowboy's boots can be more than just a way to protect his feet. Cowboy boots can show a bit of a cowboy's personality. Boots are often decorated with designs stitched or stamped right in to the leather and can be any color of the rainbow. Decorate the boot above with designs that show who you are.
