

# Covenant Wellness Screenings

**November 20**

6:30- 8:30 am @  
TTU Rec Center

\*Wellness Chemistry Profile \$25  
(includes the following: lipid profile, HDL, LDL, iron triglycerides, glucose, liver & kidney functions, electrolytes & more!)

Heliobacteria Pylori \$15  
CBC (complete blood count) \$20  
Thyroid (TSH) \$15  
Colon Cancer Screening Kit \$10  
Lipid Profile only \$10  
Glucose only \$5  
PSA \$20  
(prostate specific antigen test; 35 years and up)

## Lab tests for Cardiovascular Risk Profile:

C-Reactive Protein \$30  
C-Reactive Protein is released into the bloodstream when the blood vessels leading to the heart are damaged. Also used to diagnose bacterial infectious disease and inflammatory disorders.  
Homocysteine \$35  
Elevated blood levels of homocysteine may act as an independent risk factor for ischemic heart disease & other vascular diseases.

### Note:

Please come fasting for the blood tests  
(no food or beverages for 10 hours prior)  
**DRINK PLENTY OF WATER!**

**Register by noon on  
Wed, Nov. 19th
