

November 20, 2017

To Whom It May Concern:

AVX endorses Texas Tech's efforts to create a sustainment system integration laboratory. This facility could be used to explore, demonstrate and facilitate transition of autonomous sustainment capability and tools to achieve "zero maintenance" and "fatigue free" aviation platform capabilities.

Sincerely,

A handwritten signature in black ink that reads 'Frank King'. The signature is written in a cursive style with a large, stylized 'F' and 'K'.

Frank King
