## RESEARCH NEWS

**NSF Career Proposals Due in July**
NSF CAREER proposals are due during the course of three days starting July 21. The process is more complicated than it was previously. The Office of Research Services requires its own set of deadlines to facilitate the application process and to help your proposal become successful. Learn more >>

**Chancellor and Presidents Develop New Initiative for Collaborative Research Across the University System**
A new effort hopes to expand collaborative sponsored federal research across TTU, TTUHSC and TTUHSC El Paso. Up to $50,000 can be awarded for projects involving faculty from at least two out of the three participating system institutions. Learn more >>

## DATA MANAGEMENT

**What is Data Management?**
Data management is a growing area of focus for faculty to consider as they prepare their grants and funding proposals. In order to have a well prepared funding proposal it is important to think of some core ideas of data management. Read more >>

## TARGETED FACULTY AWARD DEADLINES

**Know Someone Who Exceeds Expectations? Nominate Them for a National Award Today!**
Nominations are now accepted for the Presidential Awards in Excellence in Science, Mathematics and Engineering Mentor Program (PAESMEM) and the Blavatnik Awards for Young Scientists. The deadline for these internal nominations is June 26. You can submit your nominations using your eRaider login by clicking here >>

Pew Biomedical Scholars
Deadline: July 15

NSF CAREER Awards
Deadline: July 21
Faculty Scholars Program
Deadline: July 28
Cottrell College Science Awards
Deadline: Aug. 1
Core Fulbright U.S. Scholar Program
Deadline: Aug. 1
Cottrell Scholar Awards
Deadline: Aug. 15
Sloan Research Fellowships
Deadline: Sept. 15
Guggenheim Fellows
Deadline: Sept. 19
American Council of Learned Societies – ACLS Fellowship
Deadline: Sept. 24
Beckman Young Investigators
Deadline: Sept. 30
Burroughs Wellcome Fund Career Awards: Medical Scientist
Deadline: Oct. 1
Presidential Awards for Excellence in Science, Mathematics and Engineering Mentoring
Deadline: Oct. 3
National Humanities Center Fellowship
Deadline: Oct. 15
National Academy of Inventors
Deadline: Nov. 1
Blavatnik Awards for Young Scientists
Deadline: Nov. 25

For details on each award and other upcoming award deadlines, see the Targeted
Faculty Award webpage >>

## FUNDING OPPORTUNITIES

**Intelligence Community Postdoctoral Research Fellowship Program**
ORAU is now accepting proposals for the Intelligence Community Postdoctoral
Research Fellowship Program. Recent Ph.D. graduates or Ph.D. students who will soon
complete their degrees are invited to collaborate with full-time faculty or staff members
at a university or established scientists at an approved research facility who will serve
as the Postdoc's local Research Advisor. In partnership with the Research Advisor, the
Postdoc composes and submits a technical proposal that responds to one of the
research opportunities identified here >>

**Limited Submissions**

NHGRI Genome Sequencing Program Analysis Centers (U01) Grant
TTU Internal Deadline: June 23
NIMHD Endowment Program for Increasing Research and Institutional Resources Capacity (S21)
TTU Internal Deadline: June 24
NSF Collections in Support of Biological Research (CSBR)
TTU Internal Deadline: June 24
NIH Asthma and Allergic Diseases Cooperative Research Centers (U19)
TTU Internal Deadline: June 29

For details on each limited submission and other upcoming notice of intent deadlines, see the Limited Submissions webpage >>

## UPCOMING EVENTS

- **Crowdsourcing Evidence, Augmentation, Thinking and Evaluation (CREATE) Program - Proposers' Day Conference**
  June 30
  9 a.m. - 4 p.m.
  Washington, DC Metro Area
  Hosted by the Intelligence Advanced Research Projects Activity (IARPA)
  The purpose of the conference will be to provide introductory information on the CREATE program, which aims to improve analytic thinking by combining structured reasoning techniques with crowdsourcing. CREATE will develop and test methods to help dispersed groups of individuals identify and evaluate the structure and contents of arguments in relation to alternative hypotheses. Specifically, CREATE aims to develop (1) structured methods to elicit and aggregate the elements of an argument and (2) ways to crowdsource the use of these methods, so that many individuals can collectively develop and refine an argument. Those interested can register here at this site; deadline for registration is June 23rd. For more information, click here >>

- **SBIR/STTR Coffee/Webinar**
  **Step One: How to Get Registered**
  July 15
  Noon - 1:30 p.m.
  Room 333A, TTU Administration Building
  Drinks and snacks will be served. You are welcome to bring your own lunch.
  For further information, you may contact susan.back@ttu.edu.
