The Faculty Senate

December 5, 1979

TO: Members of the Faculty Senate
FROM: Gary S. Elbow, President
SUBJECT: Agenda for Meeting #19, December 12, 1979

The Faculty Senate will meet on Wednesday, December 12, 1979 at 3:30 p.m. in the Senate Room of the University Center. The agenda is as follows:

- I. Minutes of the November 14, 1979 meeting
- II. Resolution regarding the establishment of alternate positions on the University Faculty Development Committee and the Tenure and Privilege Committee
- III. Resolution establishing three standing study committees of the Faculty Senate
- IV. Resolution establishing a Faculty Senate Standing Committee on Academic Programs
- V. Other Business
- VI. Announcements
 - A. Excerpts from the minutes of the Academic Council meeting of November 12, 1979
 - B. Communication with Interim President Graves regarding a standard, published policy on perquisites of Emeritus faculty status
 - C. Hearings of the State House of Representatives Subcommittee on Academic Tenure, Odessa, December 1, 1979
 - D. Response to a letter to Dan Williams, Interim Vice President for Finance and Administration
 - E. Remarks on Presidential Selection
 - F. Communication from Frank Wright, Executive Director TACT
 - G. Correspondence

II. Resolution regarding the establishment of alternate positions on the University Faculty Development Committee and the Tenure and Privilege Committee.

This resolution authorizes the President of the Faculty Senate to contact the appropriate administrative official (s) for the purpose of modifying the charges of the above-named committees to allow for the election of alternate members who would be able to represent their school or college in event that the regular representative of that school or college resigns or is otherwise unable to discharge his duties as a member of the committee in question. This procedure will eliminate the need to elect mid-term replacements for resigned committee members, thus reducing the time during which a committee may be unable to function at full strength and a college or school may be unrepresented. It will also reduce the work of the Elections Committee and the Faculty Senate Office, which must conduct the elections.

Procedure for selecting alternates: The three names receiving the most nominations for a position on each of these committees shall be placed on the ballot. The individual receiving the largest number of votes for election to the committee shall be declared the regular member. The individual receiving the second highest number of votes shall be the alternate member. In the event of a tie, the Faculty Senate Elections Committee shall determine the winner (regular member or alternate) by means of drawing lots, a coin flip, or some other random procedure.

III. A Resolution Establishing Three Standing Study Committees of the Faculty Senate with the following charge.

Committees A, B, and C, standing committees of the Faculty Senate, are charged with receiving, studying, and recommending action by the Senate on questions referred to them by the Agenda Committee. Committees A, B, and C shall consider business referred to them by the Agenda Committee and shall study the question and submit such written reports, resolutions, or recommendations for action by the Senate as they deem appropriate. Business submitted from any of these committees to the Senate for action will be sent to the Agenda Committee and placed on the agenda of a subsequent meeting. Action on a question submitted to any of these committees can be taken only by the Senate at a regular meeting or a special called meeting.

Each committee will have a membership of seven Senators, who will serve one year terms. No more than three members may be reappointed to successive terms and at least four colleges must be represented on each Committee. Committee members will be appointed by the Agenda Committee prior to the first meeting of the Senate each fall semester. If this resolution is passed by the Senate, the Agenda Committee will appoint members to these committees before the January 1980 meeting.

VI. Announcements

The minutes of the Academic Council are on file in the Faculty Senate Office.

A. Excerpts from the November 13, 1979 meeting of the Academic Council.

1. Dr. Hardwick outlined the financial view for the coming year, with anticipation of slight student growth and only 5.1% greater appropriation for FY 81 over FY 80 being a significant factor. It was noted that budget development for 1980-81 will need to be accomplished in the winter of 1979 since biennial legislative budget preparation will occur in the Spring of 80. There was discussion which indicated the need for budget development within existing levels of fulltime equivalent faculty. In order to work within those limitations and to provide maximum increases for faculty, several ideas were developed. These included attention to the levels of rank of those employed new to the institution, tightening of released time for various institutional purposes, possible use of more teaching assistants, allowing flexibility of funds rather than fte within colleges, and development of a base fte with any reductions below that base to go to the college for additional salary increases.

2. The state approach to classified personnel reduction was discussed. It was noted that clarification of definitions is needed and is expected from the state level. The Higher Education Management Effectiveness Council, headed by President Max Sherman of WTSU, is currently looking into the legislative requirements and is expected to provide statewide guidelines.

3. Dr. Gully appeared before the Council to discuss the roles of research coordinators and research in the mission of the university. He noted that research is an integral part of the institution and suggested a substantial role for the research coordinators in each college or school.

Comments were requested about major points in a position paper on research development with the assistance of the research coordinator in each college. Dr. Hardwick indicated that he would invite Dr. Gully back to continue discussion at another meeting of the Council.

F. Correspondence

1. Interim President Graves asking for a copy of the Annual Financial Plan of the university for the Senate files
2. Olga Harvill, Professor at Lamar University, in reply to inquiry about annual faculty report forms and recommendations
3. Dr. Charles Hardwick informing him of the Senate's adoption of the report of the ad hoc Van Committee
4. Dr. Charles Hardwick informing him of the Senate's adoption of the resolution concerning long-range campus radio broadcast planning
5. Letters to Dan Benson, School of Law; B. L. Allen, College of Agriculture; William Cain, College of Business Administration; Monty Strauss, College of Arts & Sciences; Stephen Thomas, College of Education; Raffi Turian, College of Engineering; and Ruth Volz, College of Home Economics informing them of the Senate's approval of the resolution creating a Select Committee to Investigate the Status of Salaries and Related Matters and of their appointment by the Senate to serve on this committee.
